Lt. A. E. Andres Relates Exciting War Experiences

Newton Flyer 26 Days
In Jungles Following
Crash of Aeroplane

A message received from an Allied Operation Base in Australia on May 27 relates how Lieut. Arthur E. Andres, 23, of Newtonville, returned to his base in Australia 26 days after he had set out on his first combat mission, his ship being forced down when it ran out of gas after being nipped by Japanese Zero fighters in a strafing raid on Lae. The ship landed on a beach 10 ft. wide. One of the wings was caught in the water swerving it toward the sea but Andres escaped injury.

A band of natives who saw the ship land came to meet him carrying war clubs but greeted him in a friendly manner and when he sign language he explained to them that he was hungry they gave him coconuts to eat. One of the natives spoke some English and Andres pointing to the star on the side of his plane explained to him that he was an American. He spent several days with the natives who treated him most kindly and later joined the crew of a bomber who were making their way back to the base after they had crashed in the jungle. This bombing crew had also encountered native war-

Many Favorable Comments Received By Druggists On New Closing Hour

Commissioner Chagnon of State Board of Pharmacy
And Newton Druggist Outlines Benefits Gained

WILFRED CHAGNON

Mr. Wilfred Chagnon, State Board of Pharmacy Commissioner and proprietor of Hubbard's Drug Store, told a Graphic reporter yesterday that much favorable comment had been received on the decision of Newton Druggists to close their stores daily except Saturday at 10 p. m. This stand was taken by 100% of the local druggists because it is a patriotic, economical and sensible move, and cuts down man hours. The new hours went into effect last Monday.

Mr. Chagnon said: "Earlier closing hours will not inconvenience drug store customers, once they become accustomed to them. The earlier closing will make a lot of difference, however, to the drug store personnel, especially in these days when the armed forces are seriously in need

of trained pharmacists and young men, and those remaining in the drug stores are forced to longer shifts.

"The earlier closing will have other valuable effects, however. Among them will be the conservation of electrical energy, at a time when many plants are straining with the load of war work. Also, it will decrease drug store overhead costs by lopping off one or two hours, at least, of consumption utilities daily.

"Further, and most important, it will aid in conserving the health of the druggist and his employees. An extra hour or two of rest and relaxation will do wonders to help improve the health of drug store workers, so that they may be able to better serve the health needs of the community in wartime.

"The druggists of one state adopted resolutions whereby the state legislature would condemn and deplore the action of any retailer merchant who failed to observe the closing hour agreed upon by the majority of the operators of competitive retail stores where such closing hours had been adopted in the interests of the public safety and human welfare, and to caution such retailers that their failure to conform to voluntary restrictions in this critical period would result in the imposition of drastic restrictions upon all retail establishments by legislative or military powers.

"The druggists of Connecticut have adopted shorter hours and there are only one or two dissenters in several of the larger cities which have defense factories with a twenty-four hour schedule. All over the country drug stores are closing earlier and many cities and towns in Mass. have adopted the new hours.

"It is hoped that sensible closing hours will stay. The long hours are a throw back to the days when emergency service demanded that the apothecary be available into the night. That necessity almost entirely removed by modern conditions, druggists cling to the long hours mostly from habit."

Surprise Air Raid Test Finds Civilian Defense System Functioning at Top Speed; Authorities Well Satisfied

4500 Members of ARP
Mobilized Without Notice
In Realistic Test

The civilian defense organization of Newton, which has undergone several large-scale drills in recent weeks, successfully met its greatest test Tuesday night when the city was simultaneously beset by mythical enemy planes and imaginary saboteurs, both leaving theoretical destruction in their wake.

A definite evaluation of the degree of efficiency attained by the Newton ARP services will be made as a result of the test, as the controlling part in the affair was played by civilian defense directors of the district, who played the role of the enemy. On the receiving end were about 4500 members of the local ARP organization, directed by William V. M. Fawcett, chief air raid warden.

The testers and observers, who were headed by Kenneth Miller of Belmont, riding in 50 cars distinguished by white flags, showed the city with 800 paper "bombs."

The test came as a complete surprise to all except a few of the leaders of the civilian defense system. The workers had been forewarned simply that the test would be conducted some time between May 31 and June 14.

About 75 Newton physicians who were attending the annual outing of the Newton Medical Society at the Country Club, Brookline, broke up the affair and proceeded to their assigned posts after receiving the alarm. They "treated" scores of "injured," assisted by first aid workers, nurses and ambulance crews.

The first alarm, or "Green 1" signal was sent out from the District Warning Center in the Peirce School, West Newton, at 7:55 p. m. "Green 2" and "Green 3" came at 8:20 and 8:30 respectively.

Each of the 8-20 incidents occurred simultaneously at 8:56 p. m. The testers had been posted at locations of the incidents and their signal to attract wardens to

scene of supposed bombings was three blasts of their auto horn. There were no audible signals to mobilize the A. R. P. workers, but they were called to their posts by the system of chain-telephone communication. There was no blackout, but the workers were instructed to proceed under the theory that blackout conditions were in effect.

Each "bomb" handed out by the testers bore a complete account of the damage resulting from its fall. Each defense worker was checked on the efficiency with which he met the situation confronting him. At the close of the surprise, Miller stated, "I am satisfied with the response of the volunteers to this entirely unexpected test. The reports coming in indicate speedy response and highly intelligent action."

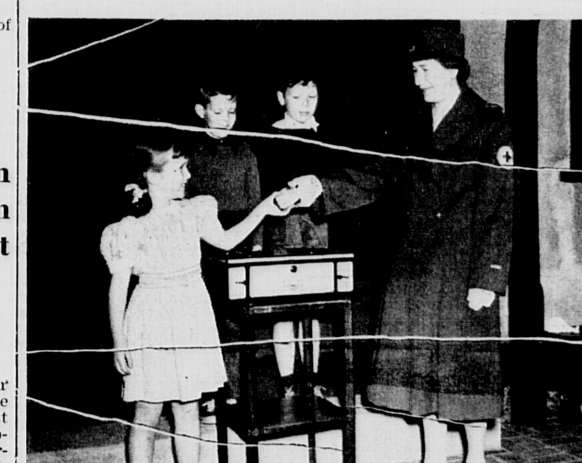

There were 100 "casualties," represented by persons with tags describing their "injuries." Bridges, aqueducts, buildings, highways and water systems were "destroyed."

The test was held on the theory that enemy planes, intercepted on a flight to attack the Watertown Arsenal, dumped their loads of bombs at random while fleeing over Newton.

At the same time it was assumed that fifth columnists taking advantage of the panic, blew up bridges and public buildings. In one test of this phase of defense, the number of a car was flashed in Auburn and the car was halted in Auburndale by Patrolman Harold Elliott and John E. Greene while the "saboteur" was attempting to flee from the city.

Each car used to simulate a piece of regular fire, police, medical or engineering services equipment was identified by a red flag. Each driver of such equipment was told to assume that the city was completely blacked out and to drive at a speed of not more than 15 miles an hour. The members of the auxiliary police were on duty to detain machines participating in the tests from the scenes of blow up bridges and other damage which would interfere with traffic.

Stove Presented To Red Cross Canteen

Chestnut Hill School students giving stove to Newton Red Cross Canteen. Susan Coolidge Harris makes presentation to Mrs. Melville D. Liming, while Jacob Frederick Brown and Charles Cunningham look with pride at their gift.

The final assembly of the little Chestnut Hill School was a memorable one this year, for it featured the presentation by the pupils of a two-burner stove, complete with dozens of tins of canned heat, to the mobile canteen unit of the Newton Red Cross.

This was their contribution to the nation's war effort, and every cent was earned by the five-to-ten year olds.

It is the fourth year that the little weathered old building has been tucked away among huge trees just off Hammond st., it was originally used as the first church in Chestnut Hill. In the belfry still hangs the bell that was rung by a neighboring girl to inform the community that Fort Sumter had fallen.

The campaign was run very much like the big War Emergency Fund drive that mother and father were so busy about a few months ago. It started off with a "pep" rally, arranged by the director of the school, Mrs. Roberts B. Owen, and Mrs. Henderson Inches, chairman of the Chestnut Hill Canteen Corps, at which the youngsters saw several Red Cross films and were told just how the canteen groups were functioning in this war. A large chart was made with a thermometer painted for each grade, and the red mercury was shown mounting higher and higher with each contribution. The chart was enclosed in a border of tiny painted coffee cups, and the students were told, "As soon as you have earned some money for the Canteen, you will see your name in the picture of a coffee cup. This means that you

Board of Aldermen Vote Extension of Bus Lines

Unanimously Approve Oak Hill and
Charlemont Project Monday Night

The members of the Newton Board of Aldermen voted unanimously at the meeting on Monday night in favor of the extension of two bus lines on the south side of the city. The board adopted an order requesting the Middlesex and Boston Street Railway to petition the State Department of Public Utilities for a permit to extend the Oak Hill bus line from Dedham st. along Brookline st. to the Brookline Town line, also to provide service for the Charlemont district by operating a bus from the intersection of Walnut and Centre sts., along Centre st. to Winchester st. and along Winchester st. to Nahant st.

A letter had been received by the Board from Rupert C. Thompson, local administrator of the Newton War Transport Committee, asking that the matter be laid on the table until the next meeting, stating that it was the committee's desire that necessity and not convenience govern decisions on the extension of bus service. Chairman Rodney C. Eaton of the franchises and license committee at once said that although his committee wished to co-operate fully with the War Transport Committee, their opinion on the matter remained unchanged. His committee, he said had asked the railway company to furnish certain data, particularly information concerning their plan for a revision of bus transportation in the city to meet the war emergency, but the company had not furnished all of the data desired. Chairman Eaton pointed out that no additional buses or personnel would be required for the extension of these two bus lines.

A petition for the construction of a drain and sewer on Winchester st., Newton Highlands, from Southmeadow Brook to Dedham st. was opposed by a group of property owners who claimed that because of present uncertain business conditions the construction cost would prove a hardship on them. They were represented by Attorney Arthur Scipione who asked that the hearing be continued to another date in order that more of the opponents might be heard from. President Charles Floyd advised Atty. Scipione to file a list of all those opposed to the project with the public works committee. Mrs. Merrill T. Brayton, of 174 Winchester st., argued that unless the project is accepted there was danger of typhoid fever from the existing unsanitary conditions.

The sum of \$150 was appropriated as settlement for a claim of Grace Alice McMahon for personal injuries received on a fall, March 2, 1939, and the claim of Francis McMahon for expenses resulting from the accident. A claim of Vincent Sulifaro for personal injuries received in a fall on Oakland st. was rejected. Chairman George E. Rawson explained that the city was not liable in this case as the street is a private way. A claim of Joseph Marucci for damage to his automobile as it passed over an uneven line when he entered a driveway from a street was also rejected as investigation revealed there was not sufficient defect to cause the damage. A claim of Edith F. Howard for damage caused some time ago to property at 68 Bennington st. from a falling tree was also rejected. Chairman Rawson asserting that the original offer of settlement of this claim had been refused and that the claim is now outlawed by the statute of limitations.

Permits were granted on the following petitions:
Grant's Express by Martin Gardner

for two express trucks at 29 Chapel st., Ward 2.

Boston Edison Company and New England Telephone and Telegraph Company, joint pole locations, Kelvedon rd., Ward 5, northwesterly from Carlton rd., four poles.

Zenith Products Mfg. Co., by Colonial Beacon Oil Co., for permit to install one underground tank at 15 Riverdale ave., Ward 1, and to keep, store and use fuel oil in connection therewith, maximum quantity to be stored at one time 4,000 gallons, for private use only.

The following appropriations recommended by the Mayor were passed by the Board:

Treasury Dept., for special services relative to transfer of funds from former City Treasurer to present City Treasurer, \$250.00.

Treasury Dept., convention expenses outside state, \$100.00.

Water Dept., eliminating dead ends; 6-inch pipe.

Lexington st., Ward 4, westerly to existing dead end on Commonwealth \$385.00.

Silver Lake ave., Ward 2, east of Adams st., \$630.00.

Water Dept., for re-laying the 4 inch main on Madison ave., Ward 2, with 6-inch pipe, for 255 feet, \$947.50.

Public Buildings Department, for improving safety of air raid shelters in public school buildings, \$3,700.00.

Street Dept., for moving blacksmith shop from present location to the rear of Crafts st. yard, \$1,650.00.

The following applications for certificates of incorporation were voted on favorably by the Board:

W. Whittemore Scott, 326 Fuller st., Ward 5—"The Setter Club of New England, Inc."

Harry C. Wiggins, 54 Marlboro st., Ward 7; Philip M. Chase, 251 Central st., Ward 4; Rodney W. Stratton, 1007 Beacon st., Ward 6

Pulitzer Award To Alumna

Jane Barbara Dealy, a Newton High School graduate, was awarded a \$1,500 Pulitzer traveling scholarship. She graduated from Vassar College last June and went to a school of journalism on a fellowship awarded to her to continue her studies in the literary field. While at Newton High School she was editor-in-chief of the Newtonite and winner of the Senior Cup. The new year's catalog of the Beta Kappa Society at Smith College have recently been announced. From a senior class of 581 girls, 41 were elected to Phi Beta Kappa, of whom five were Newton girls. They are Sylvia Pierce, Shirley Feldberg, Frances Schaefer, Sandra Thayer, and Nancy Flagg. Nancy Flagg has also been cited as a Sophie Smith Scholar, which is Smith's highest scholastic honor and ranks with Phi Beta Kappa.

On Friday, June 12, and Saturday, June 13, the Entrance Examination Board will hold tests at our high school for the admission of candidates and the awarding of freshman scholarships. The Mathematics Attainment Test will be held at 2 p. m., June 12. The Scholastic Aptitude Test and Achievement Tests will be held Saturday. The Scholastic Aptitude Test will include a verbal and a mathematical section. The questions in all of the Achievement Tests given, the language, reading and sciences, are of the objective test variety. The Scholastic Aptitude Test and the Achievement Test are given at 9:00 a. m. and 2:00 p. m. respectively with a recess between them. Since no specific pattern of study is presupposed, cramming is not advised before the tests. Candidates are not expected to answer all the questions or to finish the entire test in the allotted time, and there is no absolute passing or failing grade; a score indicates the merit of a given paper in comparison to all other papers.

These will again be given by Mrs. A. Before the second half of the program, Miss Elizabeth Fyfe, director, introducing Mrs. Ray A. Eusden, president of the Board of Trustees, paid tribute to the many loyal friends of the school, the Public School Department for their interest and cooperation, the Community Chest of which the Music School is a charter member, and the members of the Board of Trustees whose support of the work and faith in the value of music for the youth of the community means so much to the student body and the staff of workers at the school.

INTERESTING TO WOMEN

Recently there was an advertisement in the newspaper want column for a matron for the rest room at Benson's Wild Animal Farm, Nashua, N. H. Among the replies there was one that was particularly interesting, from a Mrs. Ton of Philadelphia, Pa. Mr. Benson got in touch with her at once because she tips the scales at over 400 pounds at the age of a little over 30.

An active woman of such audacity is very rare and after finding out her capabilities he engaged her to take care of the women's rest room for the season. It is remarkable what she is capable of doing. She does her own housework, she washes her own clothes, she washes the floor and wrings out a mop with her hands as good as any mop-wringer. She has to make her own girdles and spends a lot of her spare time knitting for the boys overseas in spite of the fact that she is the mother of two robust boys.

She traveled all the way in a baggage car and upon her arrival at Nashua, N. H., the truck backed up to the baggage car door and she was then delivered safely to the wild animal farm which is just across the river from Nashua Union Station.

The bride wore a Victorian gown of ivory faille taffeta with a coronet veil of ivory tulle and she carried a cascade bouquet. Her twin sister, Mrs. Helen Murphy, was the matron of honor, and Miss Siena Casey and Mary Sexton, both of Watertown, were the bridesmaids. John C. Kelley, brother of the groom, was the best man, and the ushers were Lincoln Bagshaw of Watertown and Vincent McInnis of Belmont. Mrs. Kelley graduated from the Newton High School and Corporal Kelley is a graduate of St. Charles High School in Waltham. Corporal and Mrs. Kelley will live in Newtonville when they return from a wedding trip to New York.

Mr. G. Wilkins Shaw has rented the store formerly occupied by Charles O. Hooper in French block, Newton, and is fitting it up for a drug store. Mr. Shaw has had many years' experience in the drug business.

Mr. Henry E. Cobb, of Newton, is doing the work in the hills in his ballyho coach, with Mrs. Cobb, Mr. and Mrs. J. Sturgis Potter, Mr. and Mrs. J. B. Goodrich, Mr. and Mrs. Andrew S. Marsh and others. They started last week Thursday, and are expected home on Saturday.

The time for oil stoves and ice chests has come, and O. B. Leavitt, Newtonville, has the best of both; the Perfection Ice Chest and the Garland Oil Stove.

The Cottage Hospital has accommodated up to the present time over 70 patients. There are 16 patients in the hospital at the present time.

Officer Fuller, of Newton Upper Falls, who was on duty here last Saturday, found a hundred dollar bill on Eliot st., much to his astonishment. At Newton Centre, such finds are not supposed to be anything unusual, but here are the money, belonged to William Doyle.

50 YEARS AGO

Newton Graphic, May 20, 1892
The hearing on the proposed widening of Washington st. was remarkable for the unanimity of opinion among the large number present. Men were present from all sections of the city, and not a voice was raised against the project, while from the applause that greeted every speaker, the whole assembly showed their approval.

As one of the speakers said Newton has not a single decent street. All are narrow and give a cheap and nasty air to the city, which ought not to be the case with a city possessing the wealth and the many natural attractions of Newton, with its numerous handsome estates. It is time that Newton awoke to the importance of this question, and it desires to be left far behind in the race.

The city is bound to grow and the character and extent of its growth depends largely upon the City Government taking broad and liberal views of the street widening question. There are to come before it from this time on. There seems to be no doubt now that Washington st. will be made a hundred feet wide, and the sooner the work is done the better it will be for the city.

Newton should be proud of the fact that it has 800 citizens ready to do their "bit" in the way of police service and as a Home Guard. One voter in every nine of the city enlisted for this service is a fine record.

Chief Gettemy of the Bureau of Statistics reports that Newton will be called to furnish 321 men when the army draft becomes a law. It is now expected that July 1 will be the date fixed by President Wilson for the enrollment of every male between the ages of 21 and 30, inclusive.

Lieutenant Sinclair Weeks of West Newton has been most successful in his efforts to organize a company of Newton-Brookline men to be known as Battery F, and the men were mustered in last Tuesday at the Commonwealth Armory, Allston.

HAROLD A. WOOSTER

Harold A. Wooster, Librarian of the Scranton, Pa., Public Library since 1930, has been elected Librarian of the Newton Free Library, and will enter on his new work September 1st, when Mr. Lucht retires after 17 years' service. The Trustees of the Library elected him at their monthly meeting June 5th, and his acceptance was received Tuesday.

Mr. Wooster was born 49 years ago in Connecticut, and is a graduate of Wesleyan, where he got both the A.B. and A.M. degrees. After a library course in Hartford, he became Librarian of the Westfield, Mass., Athenaeum, where for six years he also conducted a very successful library training course. Then for five years he was in charge of the Brockton Public Library, before going to Scranton. In the latter place he built up the Library so that it became a credit to the community.

Mr. Lucht reports that Mr. Wooster has frequently written most acceptable articles for the Library periodicals. He is a very good speaker, and both in Massachusetts and Pennsylvania he was elected to State Library Association offices. A few years ago he was president of the Pennsylvania Library Association.

Mr. and Mrs. Wooster have three children, the elder son being engaged in graduate research work at the University of Wisconsin; the younger is a senior at Brown, and a daughter has just completed her freshman year at Pembroke. A special welcome awaits Mr. Wooster from two of the Newton staff who were trained under him at Westfield; two former Newton assistants also came from his training classes.

Our variety of fruit pies are a delight. Tender pastry and select ripe fruit.

Petition Filed For Playground

A petition signed by 189 residents of Auburndale and West Newton asked that a playground be established on a tract of land on Webster st., on the southern side, between Nos. 256 and 284, extending to the railroad property in the rear. The petition reads as follows:

"We, the undersigned citizens of Newton, realizing that the tract of land between 256 and 284 Webster st., West Newton, on the south side, extending back to the railroad property, in its present state is unsuitable for residential or commercial building, unsightly and a detriment to the neighborhood, do hereby petition that the city of Newton acquire that part of the property not now owned by the city and convert the whole area into a playground for the numerous children in this neighborhood. The cost, we believe, would not be a burden to the city of Newton budget."

The matter will be considered by the Mayor and Board of Aldermen.

Buckley Orator for Elks Flag Day

Thomas H. Buckley, assistant to the U. S. Collector of Internal Revenue and former state auditor, will be the orator at the Flag Day exercises of Newton Lodge of Elks to be held Thursday evening in Elks Hall.

The affair will be open to the public. The program will open at 8:30 and extend to 11 o'clock. The Elks ritual for Flag Day will be conducted.

The committee in charge of the event consists of Captain Nicholas Veducio, chairman; Thomas L. Ryan, John Keefe, George King and Edward F. Dalton.

A musical program will be presented by Mary C. Oliveri and Antoinette Pimpinella, soprano soloists; Joseph Antoinelli, tenor soloist, and an orchestra headed by George King. Refreshments will be served.

Urge All To Save Fats and Greases

The Newton Salvage Committee has issued an appeal to housewives to save all their kitchen fats and greases in connection with a nationwide drive to replace vital oils formerly imported from the Far East and also to supply munition plants with huge quantities of glycerine, which is essential in the manufacture of explosives.

The opening of the drive here was announced by Street Commissioner John D. Haughey, chairman of the salvage committee. He revealed that a committee of meat dealers is being formed by Rupert C. Thompson, secretary of the Chamber of Commerce, to arrange for the purchase of the salvaged fats and greases from the housewives and for the delivery of the materials to the rendering plants in Brighton.

The program calls for the housewives to accumulate this material in a clean, tin container. When she has accumulated one or more pounds, she should take it to her local meat market.

The local meat market, in turn, will sell the fats and greases to the renderer.

Chairman Haughey, in announcing the drive, asked housewives to adhere to the following instructions in preparing their fats and greases:

1. Save all pan drippings and fat trimmings.
2. Strain these fats and greases, removing all meat scraps and foreign matter.
3. Keep the fats and greases in metal containers, which are clean and which have no jagged edges. Do not use narrow-necked containers and under no conditions use glass containers.
4. Keep the fat and grease in a cool place, thus avoiding unpleasant odors.

Parties in Honor Of V. A. Anderson

The first in a series of farewell parties for V. A. Anderson, for 15 years associate physical director at the Newton Y. M. C. A., who is leaving June 15 for Stamford, Connecticut, was held Saturday evening, June 6, at the home of Miss Marjorie W. Aldrich, 36 Taft ave., West Newton, for members of the "Y" staff and their wives. The group presented Mr. and Mrs. Anderson with a fluorescent desk lamp. The presentation was made by Richard B. Simmons, physical director. Assisting the hostess were Mrs. Edward B. Aldrich and Miss Ruth W. Aldrich. Kenneth S. Dale, general secretary; Mr. and Mrs. Samuel H. Johnson; Mr. and Mrs. Curtis M. Haug; Mr. and Mrs. Andrew Kasper; and Mr. and Mrs. Richard B. Simmons attended.

An informal party was held at the Smith House, Tuesday evening, June 9, by about 35 members of the "Y" in honor of Mr. Anderson. Flowers were sent to Mrs. Anderson. Phil O'Connell was the toastmaster and presented Mr. Anderson with a wrist watch. Moving pictures were shown.

A farewell testimonial dinner sponsored by the board of directors of the Y. M. C. A. was held at the "Y" on Wednesday evening, June 10, in honor of Mr. Anderson. About 70 guests were present. Sayford Bacon, president, was the toastmaster and former Mayor Edwin O. Childs, a member of the board, presented Mr. Anderson with a traveling case. Allan Woodcock, on behalf of the Boy's Division, presented Mr. Anderson with a brief case. Group singing was led by John Andrew, Jr., with George King at the piano. Kenneth S. Dale and Roy E. Coombs, state executive secretary, spoke. Arrangements were in charge of Curtis M. Haug, activities secretary. The last monthly meeting, until Fall, of the Board of Directors, followed the dinner.

The June meeting of the Newton District Nursing Association was held at the home of Mrs. Joseph B. Jameison, 93 Homer st., Newton Centre, on Monday, the 8th. Continuing the interest of the association in the possible establishment of an adult dental clinic in Newton, Mrs. Jameison asked Mrs. John MacNeil to speak to the directors. Interesting facts and figures were given and the matter is to be further investigated. A report written by a Newton Hospital student nurse, regarding her affiliation with the District Nursing Association, was read. Mrs. Russell P. Chase a volunteer to the Well Baby Conference spoke, giving the volunteer's point of view. Mrs. Chase has been a faithful and loyal worker and her valuable assistance at the conference at Second Church in West Newton will be greatly missed. Miss Nelson, in her report, mentioned the use of the "patch" tests for discovering the tendency to tuberculosis in infants and young children. She said that it was impossible to procure any more tests gratis and that it was now necessary to buy them. She questioned the possibility of the Tuberculosis Seal sales funds for this purpose in the future. This procedure would certainly fall under the category of prevention. This meeting is the last until October.

R. W. Conant Host To Central Club

Central Club of the Central Congregational Church held its last meeting of the season last Monday evening on the grounds at the home of Mr. Ralph W. Conant, Kirkstall rd., Newtonville. Mr. Conant is outgoing president of the club.

Following a short business meeting during which the winning bowling team was presented with a silver cup, the club was entertained by Bill Fish who recently returned from his home in Newtonville after a 12,000 mile trip from the Far East. Bill flew back to America on the same plane that carried General Jimmie Doolittle. He is the son of Mr. William H. Fish of 19 Bonwood st. He has been fighting the Japs as a member of the "Flying Tigers" over the Burma Road and China and modestly recounted some of his thrilling experiences to William R. Mattson who acted as interrogator for the members of the club. While in China, Bill had dinner with General and Madam Chiang Kai-shek, and spoke of the graciousness of the couple.

After a crash landing in Burma, Bill told of being lost in the mountains but finally made his way to Lashio, 90 miles away. He pointed out that now that all routes to China are closed, supplies must be transported by air. He said that at present China had immense stores of supplies but would need to stretch them due to the gigantic task of getting additional goods from the outside.

Following Bill Fish's talk several reels of colored movies were shown by Chauncey W. Waldron, which were taken by Mr. Waldron on a recent trip to California. Especially interesting were the views of the Grand Canyon and Desert Flowers, which were described by Waldron.

Refreshments were served by the host at the conclusion of the entertainment. A rising vote of appreciation was tendered Mr. Conant by the club during the past year and for his generous hospitality. About 175 attended.

Really NEED a New Car?

Liberalized rules may let you get one

Who is Eligible to Buy a New Car?

There are seven major classifications for
persons eligible to buy new cars under basic
rationing rules.

These include persons engaged in the
production of war materials or in the
prosecution of the war, directly or indirectly;
physicians, nurses, clergymen, veterinarians;
car-owners engaged in public service, such
as fire departments, public health, highway
maintenance etc.; owners of taxicabs and
other means of transportation; farmers;
newspaper wholesalers; and traveling
salesmen in certain fields.

Your Buick dealer will be very glad to help
you determine whether you come under
the rules of eligibility. He also will be glad
to help you fill the proper applications.

Don't guess about your eligibility—see
your Buick dealer now and make sure.

If your work is connected directly
or indirectly with the prosecution of
the war, you may be eligible to buy a
new car—right now.

Under newly liberalized rationing rules
it is easier than most people think to
replace cars now in use with brand-new,
long-lived, gas-thrifty 1942 Buicks.

Maybe you can wash out worries about
tire-life by starting afresh with a com-
plete new set—tires that will last longer,
if they're on a Buick, because new
Broadrim wheels both ease the ride and
lengthen tire-life.

Remember, the 1942 models your Buick
dealer now has ready for immediate
delivery were built to serve you through
the duration and beyond.

They are wartime tough, durable beau-
ties built to last, built to go a long, long
way with a minimum of upkeep.

So if you're eligible, you may be money
ahead getting a new Buick now rather
than trying to make an old car "do."

Why not drop in, talk it over and see
if the new liberalized rules do not en-
title you to a new automobile now?

If you're eligible for a new car— Better Buy Buick!

CARTER—BROOKS

Simplicity marked the wedding Saturday, June 6, of Miss Ann Brooks and Mr. Hubert Adams Carter, which united two old New England families. The bride's parents are Judge and Mrs. Lawrence G. Brooks of West Medford and the groom is the son of Mr. and Mrs. Hubert Lazell Carter of Newtonville.

The couple were united at two o'clock by the simple marriage ceremony of the Society of Friends, at the home of the bride's parents. Spring flowers decorated the home and the reception which followed was held out of doors, the receiving line under a huge swamp oak.

The bride was given away by her father. Her full white gown was fashioned with an exquisite lace basque and a bouffant marquisette skirt and train. Her white tulle veil was caught at the top with a circlet of orange blossoms.

Miss Charlotte H. Brooks, the bride's sister, was maid of honor. She and the three bridesmaids wore long yellow dotted Swiss dresses made jumper style with white Venetian guimpes, and heart-shaped brims of matching material. The attendants were Mrs. Robert W. Bridgman of New York City (Sylvia Carter), sister of the groom; Mrs. Alfred M. Rankin of Washington, D. C., and Miss Katherine Littlefield of Providence.

Mr. James R. Carter, 2nd, of Groton, was his brother's best man. The ushers included the groom's three brothers-in-law, Mr. Robert W. Bridgman of New York City; Mr. W. Peter Hunsacker of Boston; Captain Robert H. Bates of Washington, D. C., and Dr. Edgar A. Bering, Jr., of Salt Lake City.

Mr. and Mrs. Robert H. Halliwell of Dedham gave a dinner for the bridal party Friday evening, June 5. Guests at the wedding included Mr. and Mrs. N. Penrose Halliwell of New York City, the bride's aunt and uncle.

Mr. Carter attended Milton Academy and was graduated from Harvard, class of '36. He is a member of the American Alpine Club and has been on noted expeditions in the Himalayas, Alaska, and Chile. Mrs. Carter is a member of the Junior League and a graduate of Smith College, class of '38. After the honeymoon, the couple will make their home in Washington, D. C.

Thirty-five students received degrees at the Commencement exercises of the Andover Newton Theological School, Newton Centre, Monday.

A degree of Master of Sacred Theology was conferred on Rev. Otis R. Heath, pastor of the Immanuel Baptist Church, Newton. He was graduated from Andover Newton in 1924 with the degree of Bachelor of Divinity.

Among those who received degrees of Bachelor of Divinity to-day were Bruce Roberts, son of Rev. Ben Roberts, minister of the Newton Highlands Congregational Church, and Earle T. McKnight of New Brunswick, Can., who is assistant pastor at the First Baptist Church, Waltham.

Alumni day was observed Sunday, beginning with a Chapel service at 9:00 a. m. The principal address on the program was given by the Rev. Hermann Nelson Morse, D.D., New York City, who is executive secretary of the Presbyterian Board of National Missions.

The Commencement Service was held at 10 a. m. Degrees to Baptist graduating students were conferred by the Rev. Everett C. Herick, D.D., president of the School. Congregational students received their degrees from Dr. Dabney, dean. The sermon to the seniors was presented by the Rev. Posthumous Award To Mother Here

Mrs. Lena Brown Ayers of 16 Washburn ave., Auburndale, was presented last Friday with the Silver Star Medal earned by her son, Robert S. Brown, who was killed in action at Hickam Field, Hawaii on December 7, 1941. Private Brown was a bombardier with Headquarters Squadron, 11th Bombardment Group, U. S. Army.

The posthumous award for "gallantry in action" was made by Major General Sherman Miles of the First Corps Area at his headquarters in Boston. The citation reads as follows:

"Robert S. Brown, private, Headquarters and Headquarters Squadron, 11th Bombardment Group, Air Corps, United States Army. For gallantry in action during Japanese aerial attack on Hickam Field, Territory of Hawaii, Dec. 7, 1941. Private Brown, conspicuous for his bravery, assisted in repairing an airplane during the attack. Later, a severe attack of bombing and strafing was centered on the hangars. Private Brown was killed during this attack."

Mrs. Ayers is staying at the home of her sister, Mrs. Olive Canney. Mrs. Canney's two sons, William M. and H. Emerson Canney, Jr., are both in the Army at Hawaii.

Vacation Church School To Start

During the month of July, a Community Vacation Church School will be held in the Newtonville Methodist Church from nine to eleven forty-five o'clock each weekday, Monday through Friday. The school will be in session from July 6th through July 31st.

All children between the ages of 4 and 12 are invited to attend. The purpose and aim of the Vacation Church School is to give the children a practical experience in Christian living and to instruct them in the Bible and in Christian fellowship.

The school will be headed by Mrs. Reuben J. E. Guild. Pupils will be registered on July 6th at 9:00 a.m. at the Newtonville Methodist Church.

Street Work Has To Be Curtailed

Because of the recent order of the War Production Board halting the sale of road building materials except for construction of airport runways, the entire program of street construction work in Newton has had to be abandoned and at least 75 employees of the Street Department will necessarily have to be laid off.

These men are at present employed in clean-up work and assisting the forestry department in spraying and when that work is completed there will not be any employment for them until possibly in October when preparations are started for snow removal work. The men have been urged to seek other employment and Mayor Goddard has stated that they will get back their jobs when the emergency is over.

The city normally spends between \$100,000 and \$150,000 a year for street construction work, financed by bond issues.

Street Commissioner John D. Haughey expects soon to receive authority from the WPB to purchase a comparatively small quantity of material to be used for street patching.

Plan Communion Breakfast Sunday

The annual Communion Breakfast of Middlesex Court, M. C. O. F. will be held on Sunday morning, June 21 at the Church of Our Lady, of Newton.

Members of the church are in charge of arrangements. Assisting her are Miss Marion Goode, Thomas F. Fitzgerald, Thomas F. Bryson, Mrs. John Boudreau, Mrs. Emma McNamara, Mrs. Winifred Herlihy, Miss Kathryn Edwards, Miss Kathryn C. Hannan and Miss Ruth McNamara.

Rev. John Sheridan, pastor of the Church of Our Lady heads the list of invited guests. Other guests will be High Chief Ranger, Mrs. Agnes L. Brodick, High Inside Sentinel, William F. Barry, Rev. Russell T. Haley and Dr. John R. Hannigan, district deputy. The principal speaker will be Deputy William G. O'Hare of Boston.

Members of courts of District 23, which includes Charles River Court of Watertown, Fr. Stack Court of West Newton, St. Bernard's Court of Belmont and Prospect Court of Waltham are invited to participate.

Newton Educational Division Meeting Plans 1943 United War Fund Campaign

Village Chairmen and Chairmen of Division Outline Policy of Procedure at Home of Mrs. M. Prescott

Members of the Educational Division of the Newton Community Chest met last week at the home of Mrs. Mortimer M. Prescott, 25 Cabot st., Newton. Reading from left to right: those in picture are: seated, Mrs. Herbert C. Hardy, Mrs. Mortimer M. Prescott, Mrs. Melvin McGee, Mrs. Gordon Morrison. Back row: Mrs. James H. Orr, Mrs. Daniel Hurley, Mrs. Frank Conley, Mrs. Frank Lombardi, Mrs. Frank Hunting, Mrs. Roger Allen, Mrs. Oliver Leland and Mrs. Kenneth Osborn.

Last Friday, on the hottest day of the season, enthusiastic workers for the Newton Community Chest, which will be a part of the Greater Boston United War Fund in 1943, met to discuss plans for next year's campaign.

With a background of June roses and flowering bushes they forecast the work which they will do when January snows will be on the ground. At the home of Mrs. Mortimer Prescott, 25 Cabot st., Newton, chairman of the Educational Division, a group of village chairmen, as well as chairmen of special divisions outlined a policy of procedure to make the community aware of the vital issues involved in the next campaign.

With foresight and vision the women planned for each village chairman to appoint a vice chairman to protect citizens in these crucial times. She urged members to make early dates for speakers and to organize their own local committees without further delay.

Mr. H. J. Pettengill, new Executive Director of the Newton Community Chest, spoke informally of the year-round work which the Chest does in cooperation with the Newton Community Council. He stated that it is important for Newton citizens to realize that their contributions will safeguard their homes by providing for care in case of disaster, illness, need and danger and that they supply the extra money for educational opportunities and recreational leadership.

Those present at the meeting including Mrs. Prescott and Mr. Pettengill were Mrs. James Orr, Mrs. Kenneth Osborn, Mrs. Herbert C. Hardy, Mrs. Gordon Morrison, Mrs. Melvin McGee, Mrs. Frank Lombardi, Mrs. Frank Hunting, Mrs. Frank Conley, Mrs. Roger C. Allen, Mrs. Oliver Leland and Mrs. Hurley guest.

Lt. Schwimmer Listed as "Missing"

A fifth name was added to Newton's "missing in action" list of heroes when the "fighting four" who were week from the War Dept. that Lieut. C. L. Schwimmer, son of Mr. and Mrs. Matthew Schwimmer of 420 Ward st., Newton Centre, Army flier, failed to return from a combat mission on May 3.

Lieut. Schwimmer, a gifted flier, was one of the "fighting four" who were doing considerable damage to Japanese held air bases in the South Pacific in frequent bombings. A dispatch from Australia, dated May 7, from Lieut. Col. Lloyd D. Wagner described one of the forays of the "fighting four" as the "best dog fight he had ever seen."

Lieut. Schwimmer was graduated from the University of Missouri in 1932 and joined the Army Air Corps in Sept. 1940. He was commissioned at Maxwell Field, Ala., in June 1941. His brother, Daniel B. Schwimmer, 21, was graduated from the Midland Army Flying School as a bombardier on May 21.

NEWTON WOMAN RE-ELECTED SECRETARY

At the third annual spring meeting of the Massachusetts Association of Business and Secretarial Schools held in the Chamber of Commerce Building in Boston, Mrs. Esther C. Blackburn, Director of the Newton Secretarial School, was re-elected unanimously secretary of the Association. Other officers elected at that meeting are: president, Mr. Walter R. Catton, Burdett College, Boston; vice-president, Mr. Alan W. Furber, the Chandler Schools, Boston; and treasurer, Mr. George E. Bigelow, Brockton Business College, Brockton. The following directors were elected: Mr. John C. Pickett, Northampton Commercial College, Northampton; Mrs. Dorothy L. Salter, The Salter Secretarial School, Worcester; and Mr. W. P. McIntosh, Jr., The Kinyon School, New Bedford.

Mr. John L. Miller, Superintendent of Brockton Schools, the guest speaker at the meeting, chose for his subject "Education in These Troubled Times." Mr. Edward McCrensky, who is in charge of the First United States Civil Service District, in a brief talk enlisted the co-operation of the schools in the Association in recruiting stenographers and typists for Government positions in Washington.

Group pictures of the family and near relatives were taken by a photographer friend to commemorate the unusual event.

Judge Wilson Resigns—Will Practice Law

Judge Thomas Weston who for nearly 20 years has been special justice of the Newton District Court, tendered his resignation on Monday. Judge Weston will devote his entire time to his private law practice.

Judge Weston was born in Newton, was graduated from the Newton High School, the Cutter Preparatory School and Harvard College, class of 1895. He taught for a year at the Mitchell School for boys in Billerica, later entering the Harvard Law School from which he was graduated in 1899. He entered the practice of law and was associated with his father for many years in the firm of Weston & Weston in Boston. He was appointed special justice of the Newton Court by Governor Thayer H. Cox. He is chairman of the board of directors of the Newton National Bank of which he was one of the founders and first president.

Having passed the voluntary retirement age of 65, Judge Weston will receive a pension from the county. His place in the District Court will not be filled, as the new regulations recently adopted provide that district courts shall have one presiding justice and only one special justice. The presiding justice of the Newton Court is Judge Donald E. Mayberry and Judge W. Lloyd Allen is the one remaining special justice.

At 56 Valentine st., West Newton. They have three daughters.

Junior Red Cross Presents Gift

Children Donate Gifts To Canteen Corps

A group of thirteen children in Waban, from seven to ten years old, have just presented the Newton Red Cross Canteen Corps with an electric toaster, Silex and tray, and cream pitcher and sugar bowl. The money for this gift was raised by the children themselves.

The youngsters planned a gala entertainment of two plays, movies and refreshments, and charged five cents admission and another five cents for refreshments. It proved so popular that it had to be repeated and, since the refreshments were donated by the mothers of the children, every cent could be turned over to Miss Callista Roy, chairman of the Junior Red Cross, to pay for the gift.

Newton Air Hero Missing In Action

The name of Captain Francis P. McCarthy, hero Marine flier at Midway, became the sixth on Newton's roll of "missing in action" it was learned Tuesday when his parents, Mr. and Mrs. William J. McCarthy, 61 Beaumont ave., Newtonville, revealed they received a telegram from the Navy Department that their son failed to return from a combat mission.

McCarthy was recently promoted from sergeant to lieutenant and then to captain. It is believed that he participated in the recent rout of the Japanese at Midway. For his part in repulsing five Jap attacks on the island in March, he was awarded the Distinguished Flying Cross by Admiral Chester W. Nimitz.

He was a three-letter man at Newton High School and was graduated from Wake Forest College in 1939. He joined the Marines the same year and after training at Pensacola, Fla., was sent to Midway. His father, an executive in the Gillette Co. of Boston, was a major in World War I.

Aldermen Write Finis to Cullen Case By Voting Him \$6,218.18 Back Salary

Nearly three years after he was dropped from the city pay roll and over a year after the Supreme Court ordered his reinstatement, the Newton Board of Aldermen Monday night wrote finis to the celebrated case of Sergeant Mechanic Bartlett Cullen of the Police Department by voting to appropriate \$6,218.18 to pay him his back salary and to reimburse him for his court expenses.

Thirteen aldermen who were members of the board when it voted to abolish his position were excused from voting on the appropriation and it was passed by a vote of 6 to 1 by the remaining members.

Those who were thus excused from voting were Aldermen John E. Barwise, George A. Bacon, Albert P. Everts, Edward A. Fahey, Charles B. Floyd, Maxwell P. Gadis, Carrol J. Hoffman, Charles E. Hughes, Henderson Inches, Theodore R. Lockwood, George E. Rawson, Carl F. Schipper, Jr., and John Temperley.

Of those who voted on the matter, Alderman Eugene A. Cronin was recorded in the negative and Aldermen James P. Akins, Rodney C. Eaton, Joseph E. Jamieson, Kenneth D. McCutcheon, Robert A. Whidden and Howard Whitmore voted in the affirmative.

The appropriation was recommended by Mayor Paul M. Goddard in a letter received by the board last night. The reason for the long delay in the settlement was not explained, but it was indicated that an agreement had at last been reached between City Solicitor Joseph W. Bartlett and Attorney Francis X. Hurley, counsel for Cullen, in accordance with the court ruling.

The decree ordering Cullen's reinstatement was issued in the Supreme Court by Judge Henry T. Lummus on April 25, 1941.

Don't Betray These Heroes!

Leap for Life: If heights make you dizzy, think what it would be like to bail out at 6,000 feet. But our men aren't complaining! They're willing to give up their lives for Freedom. All you're asked to give up is foolish spending so that our war birds may have the weapons to rid the skies of cultures. How much did you save this week?

Time for Action: We are fighting for our very existence. This is no time to sit back doing nothing. Sacrifice a few things today—or be prepared to sacrifice everything tomorrow. 7740 Dead or Missing: That's the number of Navy men that have been killed by the Axis! Does it take more than that to get you fighting mad? Remember, you can save lives by saving dollars. Practically every new dollar invested by Massachusetts Savings Banks today is going into government bonds that are helping to buy battleships to sink the enemy fleets.

Norumbega Scene Of Meeting For Canteen Corps

For the first time since their graduation, all members of the Newton Red Cross Canteen Corps met at Norumbega Park. Also invited were the Nutrition and Canteen teachers who instructed them. The purpose of this meeting was to show the Canteen workers the group as a whole, and to explain to them how the Red Cross Canteen Corps fits into the Newton Disaster program.

Mr. Charles Raymond Cabot, chairman of the Newton Red Cross, addressed the group, telling them the importance of the Canteen Corps in the Red Cross set-up, and what the Corps means to the Newton Chapter. He was followed by Mr. Charles B. Floyd, chairman of the Disaster Preparedness Committee, who explained to the Canteen members their Disaster Committee identification cards, and how they are to be used in an emergency. Then Mr. E. Prentiss Jones, chairman of the Newton Disaster Food Committee, explained how the Canteen Corps will work with the Evacuation Committee in time of disaster. He told them that at the present time, definite centers have been designated for the housing of evacuees to Newton, and that it will be possible to feed at these points 1000 people during the winter, and 1900 people during the summer months. He added that there will be an inventory of supplies and personnel at each of these centers, which the Canteen Corps is to supplement.

Following the speeches, lunch was served to the group of 100 people by the Waban Canteen Class, instructed by Mrs. Arnold C. Barker. This was the first outdoor project for the Waban group since their graduation. The food was prepared at the Union Church in Waban, then taken to Norumbega and served exactly as it would be served by a mobile canteen unit in time of disaster. The three members in charge of the Canteen lunch were Mrs. Robert J. Curran, Mrs. Norman Everett and Mrs. Robert Rose.

The First Church of Christ, Scientist, in Boston, Massachusetts

The great task now confronting a liberated America, which more than half a century ago fought a four-year war to free the slaves, is to aid in working the freedom of the whole world from slavery. The Christian Science Board of Directors told several thousand Christian Scientists gathered for their annual meeting in Boston Monday.

The Directors' statement is the high light of the Annual Meeting of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts. The Directors emphasized the worldwide emergency of pressing a more universal turning of spiritual enlightenment as a pathway to future world peace.

Meeting in their Mother Church under the world-enveloping shadow of what is probably the gravest threat to political and religious freedom since the advent of Christianity, the visitors were reminded in a report by The Christian Science Board of Lecturers to the union of Britain and America were foreseen forty-four years ago by Mary Baker Eddy, Discoverer and Founder of Christian Science, as the instrument through which the rights of free people everywhere might be permanently established and protected.

This wedding together of two great democracies, pressing the impact of an international crisis, said the Lecture Board, is the summation of the fond hopes of Christian Scientists. The Board alluded specifically to a poem written in 1898 by the Leader of the worldwide religious movement, Mrs. Eddy, which reads part as follows:

"Brave Britain, blest America, unite your battle-plan; Victorious, all who live it, 'The love for God and man.'"

The Directors announced election of Mrs. Elisabeth F. N. Wood of Brookline, Mass., as President of The Mother Church for the ensuing year. The chief duty of the President is to preside at the annual meeting.

The new President is the daughter of Isaac Paul Gregg, who served throughout the Civil War and was given the rank of Captain by Brevet for gallant action in the Battle of Gettysburg. Her mother, Mrs. Eldora O. Gregg, C.S.D., was one of twelve students of Mrs. William Gallup of 230 Chestnut Street, West Newton, who were chosen by her to form the first woman readers in the Church.

Mr. Norwood was born in Roxbury, Mass., and received his early education in the Girls' Lakeview School of Boston and in private schools. She was a member of the Normal Class of the Board of Education of the Massachusetts State Normal School in Framingham, and was becoming a teacher of Christian Science.

The report of the Board of Lecturers, read by Gavin W. Allan, referred to the recent statement of Winston Churchill, Prime Minister of Great Britain, "Never in the field of human conflict was so much owed by so many to so few," as a perfect phrasing. But lifting this phrasing out of the setting of war, the Board felt that it could aptly apply to Mrs. Eddy and her small group of followers who, a half-century or more ago, worked for the establishment of a vision that sought to bless all mankind.

Today the Board found that the establishment of Christian Science in some countries was being limited by the dictators, that some churches and institutions were being closed and confiscated. "But wherever multitudes of plain people are suffering, everywhere living cheerfully and practicing the truths of their religion," the Board said, "its resurrection is assured."

The frequent reports of increasing wartime interest in religion as the streams of dependence upon material systems run low were accentuated by the announcement of the Trustees of The Christian Science Publishing Society that the sales of Bibles this year "are the largest in the history of the Publishing Society." Increased circulation of The Christian Science Journal, the Christian Science Sentinel and The Christian Science Monitor was also reported for the last 12 months. Literature of the Society was said still to be in great demand. The Christian Science Monitor was said to be in great demand. The Christian Science Monitor was said to be in great demand.

The report of the Treasurer for the fiscal year ending April 30, 1942, showed that the finances of The Mother Church were in sound condition, that assets from current bills and accrued taxes there was no indebtedness.

Throughout the past month, they have devoted themselves to painting these trays a beautiful canteen blue and can be justifiably proud of their gift to the Canteen Unit.

Members of the Club taking part in this project were Helen Emmetts, Blanche Grybos, Marjorie Knott, Virginia Knott, Blanche Kopiec, Shirley Simpson and Helen Schasky.

Police Start Bicycle Drive

A drive has been started by the Newton Police Department Traffic Bureau to impress on bicycle riders the fact that they are required to observe traffic rules, a bicycle being considered by law as a vehicle, and regulations governing automobiles and other vehicles also apply to bicycles.

Sergt. Thomas Burke, head of the traffic bureau, reports that he has received several complaints about bicycle riders who have disregarded red lights and stop signs and other rules of the road. The offenders he said have been mostly adults who are setting a bad example to the children in not heeding traffic regulations.

MOONLIGHT

One night in my garden when I looked up.

I saw a wondrous sight,
That gave me inspiration
To keep up the good fight!

The sky was dark and cloudy,
But in one particular place
I saw a beautiful break in the clouds,
Where the moon was hiding her face.

All of a sudden the moon came out
And shone in her fullest extreme.

The clouds around her were silver-tipped
Which made the picture supreme.

We all have our dark days
To make us grow the stronger,
And the cloud's silver lining
Keeps us fighting the longer.

So, let us look upward
To enlighten our soul,
And keep going forward
Till in reach of our goal.

LETTERS TO THE EDITOR

The Newton Graphic
Dear Friends:

That you might like a word from Newtonians in this part of the world, Albert Brooks, 38 Putnam st., was made a Sgt. Qm. while we were in Australia. He is an excellent job and is admired by all.

1st Sgt. Tony Rizzo, QM, from my side of town, is keeping the boys in good health.

Alden Dinsmore and others whom you know are all well. The following letter will give you an idea about this island.

Our library here is lacking any copies of the Graphic as yet. Hope you can send it.

All good wishes,

This is O. K. for publication as it has been censored by the Chief Censor in whole or in part.

Now we can describe for you the beautiful spot where we are located. There are literally hundreds of places just like it on this island of New Caledonia in the Southwest Pacific.

We are in a little valley with a mining establishment on one side of us and a small residence on the other. Do not get the idea, however, that we are crowded. Quite the contrary! A rocky stream of fair size tumbles its noisy waters from pool to pool within a stone's throw of my tent. We swim, wash our clothes and bathe ourselves at appropriate points along the bank.

Across the stream there is an open meadow of luxuriant grass enclosed at the west by a steep hill, on the right by a grove of niaouli trees, a species of eucalyptus, and on the left by a grove of banana trees and other tropical growth. The word tree, seems out of place for these bananas however. Both plant and fruit are small.

While on the subject of vegetation I should tell you that there are orange and other citrus trees in the woods beyond the miner's establishment. The fruit tastes different but has the same characteristics as the oranges at home. The French names for some of the other fruits that I have eaten here are as follows: Pomme canelle (Annona Squamosa, or sweetpot in American), corossol (Annona Muricata or Sourp), Pommier (Cydonia or plum-like fruit known as Spondias Purpurea in the textbooks), The Annona (or Annona as it is in the English dictionary) family is sometimes called the custard apple family. It is a tasty fruit, most delicious. The tree is a small tree (guayava), Vanilla, Cocotiers (coconuts), Papayer (papaya), Manioc or cassava (from which our tapioca is made) and Mangoes.

The papayas are very good, melon-like fruit which grows on a vine about the size of a small or medium-sized tree with no branches. The birds are especially attractive. Some are large and make sweeping solo flights across the valley. Others are tiny, brilliantly-colored songsters who travel in groups of eight to ten. Some of these smaller varieties feature a scarlet head and shoulders, others a red head and tail with green body. Some have much the appearance of our wild canary back home. A common bird usually seen around the place is about the size of a blackbird and has some white markings. In the dusk of evening we have seen bats hunting insects attracted by our fires. One of our fellows shot a flying fox with a wing-spread of three feet.

We are near the sea, of course, and so have an opportunity to fish. This provides a change of diet as well as good sport. We have also enjoyed venison since there are many deer here.

We are very fortunate in the climate. Although it is quite hot in the middle of the day it is invigoratingly cool the minute the sun goes down. In fact there is a fresh sea-breeze most of the time. At night we really need the blankets our good Uncle insisted we bring along.

Having been given sufficient time to get well-established we are full of confidence as to our ability to win. We have the equipment and the supplies and the men are in high spirits. Guess that's about all the censors will let me say. Just remember, we all appreciate mail more than anything else.

Observing All-Kiwanis Week

Newton Kiwanis are observing All-Kiwanis Week, June 14-20, joining with the 2,179 other Kiwanis clubs in the United States and Canada in a continent-wide observance stressing twenty-seven years of service achievement.

"Our members are joining with the 113,500 other Kiwanis in the United States and Canada to observe this occasion," Mr. Edward Pease, club president, announced today.

Kiwanis was founded in Detroit on January 21, 1915, and the celebration will concentrate attention on the organization's war program and the community service results.

"As a service club our 113,500 Kiwanis are united to do a good-time job in their communities," says Charles S. Donley, Pittsburgh, Pa., president of Kiwanis International, in a special letter to the club.

War-time service is the keynote of today. Our times call for self-sacrifice, courage and determination, thrift and a faith that right will win.

The program for All-Kiwanis week is in charge of the local committee on Kiwanis education. All club members are expected to take a pledge dedicating themselves to the promotion of war activities, the promotion of patriotic citizenship and the observance of Kiwanis principles.

Special observance was given by the Newton Club at the regular meeting on Tuesday, June 16.

NEWTON CHILDREN SHOW INCREASED INTEREST IN MUSIC

More children applied for music instruction at the All Newton Music School during the season which came to a close on last Saturday, June 13, than at any time since its founding in 1911. The Music School is steadily attracting wider interest throughout the community because of its high standards and ideals, because of its character building and its refining influence, and because of the splendid musical achievements of the boys and girls who study within its walls.

The final weeks of the school year proved to be a period of unusual interest and activity. On Friday afternoon, June 5, Martha Cleary of Newton, pupil of Irene Forte of the violin department, presented a diploma recital at which she was assisted by Doris Doehler, harpist, and Evelyn Hicks, pianist, also pupils of the Music School. At the Newtonville Community Club on Wednesday evening, June 10, a large audience enjoyed a recital by violin, cello, voice, flute as well as string ensemble numbers. On Thursday afternoon, June 11, Barbara Clark of Walpole, pupil of Irene Forte of the violin department and of Leslie Kyle of the voice department, presented her diploma recital offering both violin and voice. Miss Lillian West was accompanist.

At the last "Informal Friday" recital of the spring term held on June 12, thirty pupils performed and gave an interesting and varied program of piano, violin, flute and voice solos. The next morning at the final session of the school, before the summer recess, two little girls of the Junior Department, Lavinia Mayo, piano and Beverly Quinlan, violin, gave their own recital which they had planned and prepared without assistance. The young soloists, members of the two number one, bringing the program to a close with a selection for two pianos,

Parochial Schools Purchase Stamps

Superintendent Joseph F. O'Gorman of the Newton Postoffice has just turned over to Acting Postmaster John W. Gleave of Boston a report showing that, during the past five weeks, Our Lady's High School pupils have purchased \$547.85 in War Savings Stamps and \$18.75 in bonds.

The Sacred Heart Parochial School, in the same period, with a large enrollment, bought \$249.31 in War Savings Stamps and \$433.45 in Bonds.

This makes a total for two parochial schools in Newton of stamps bought, \$809.15 and bonds bought, \$433.45.

Daniel J. Doherty, State Administrator of War Bonds and Stamps was highly enthusiastic about this report. Said Mr. Doherty, "I am really proud of these parochial schools for the wonderful effort they have made and the outstanding results they have achieved. This is a war for all races and religions and here in a free America we find a unity in action by the people from all regions, from all social spheres, from all walks of life, old and young, rich and poor are in a common pool that will spell Victory and Freedom."

Postmaster Gleave was highly pleased with the work of these sisters and the clergy and offered the hope that this program of stamp purchases would be continued through the summer months when school is not in session.

"That is the Real Test of Patriotism," said Mr. Gleave. "When With No Reminders and With Solely a Patriotic Urge, these children will carry on week after week by buying stamps in their local postoffices, banks, stores and the countless other sales agencies."

Get-Acquainted Party Is Held

Rationing became a pleasure in the Bemis st.-Fair Oaks ave. section of Newtonville on the night of June 10 when Mr. and Mrs. Charles R. Wromblewski, 27, of Chicago, a soldier stationed at the front, was overcome by the heat while on a bus at Newton Corner Saturday evening and was removed to the Newton Hospital in the police ambulance. He was able to return to duty on Sunday.

Putting into prompt practice the suggestion of rationing and civilian defense authorities that the cause of patriotism would be served by neighborhood get-togethers that would make gasoline the hosts issued invitations to friends and strangers, alike, from the oldest resident to the newest newcomer.

Approximately 50 persons turned out, bringing their own sugar (for coffee) and wienies which were toasted by hand-bar motestach "chefs" over glowing charcoal grills. The evening ended with community singing beneath the stars and the tree-trunk lights—carefully shaded to avert sky-glow.

Leading the delegation of older residents were Fred Alexander, president of the Newtonville Improvement Association and Neighborhood Air Raid Warden, and Mrs. Alexander; Mr. and Mrs. C. Ashenden; Post Air Raid Warden Carl J. Grip and Mrs. Grip; and numerous ARP personnel, including wardens and auxiliary firemen, were among the guests.

Newton Junior Red Cross collects 600 children's books.

An appeal for books to be used at the Fort Devens School for the children of service men, brought an overwhelming response from members of the Junior Red Cross in the Newton grade schools. These books range from the first through the sixth grades, and will be library and reference books in the Fort Devens School.

Miss Calista Roy, chairman of the Newton Junior Red Cross, reported that 600 books have been collected in less than a month. Miss Roy explained that many of the books contributed represent personal sacrifice on the part of the Newton school children who ransacked their own book shelves and brought in many of their own favorites.

Active in this children's book drive were pupils of the Mason School in Newton Centre, the Angier School in Waban, the Pierce School in West Newton, and the Williams School in Auburndale.

Aldermen Grant Annuity to Widow of Chief Seaver

An annuity of \$1,000 was granted by the Newton Board of Aldermen Monday evening to Mrs. Anna M. Seaver, widow of Henry T. Seaver, deputy chief of the Fire Department, who died April 6 while engaged in fighting a brush fire on Baldpate Hill.

Recommending favorable action on the widow's petition, Chairman George E. Rawson of the claims and rules committee reported that the committee had ruled after a hearing on the matter that the death of the deputy chief was "the natural and proximate result of the nature of his occupation" and that he died "in the performance of his duty."

He said the Chief, Clarence W. Randlett testified at the hearing that Mr. Seaver had never taken a day off because of illness during the past 30 years and had been a day off because of illness during the past 30 years and had been a day off because of illness during the past 30 years.

The board voted to appropriate \$2,500 for the settlement of the claim of Mrs. Seaver for personal injuries suffered in a fall near 65 Suffolk rd., Chestnut Hill, in 1940 due to a defect in the street.

Chairman Rawson told the board she suffered a fractured hip and that it had failed to heal, necessitating a second operation in the near future. He added that Mrs. Russell had suffered "torture" from the injury and "may never walk again without crutches."

Rawson informed the board that the settlement was recommended by City Solicitor Joseph W. Bartlett.

Accepting a 4 to 3 report of the public works committee, the board denied the petition of Lewellyn A. Marr for abatement of the betterment assessment levied against the property at 7 Ashmont rd., Ward 5.

The board granted the petition of John J. Bagley for a permit to change the single dwelling at 88 Old st., Newtonville, to a two-family house in Ward 5. A hearing on the petition was held last night by the claims and rules committee and no opposition was expressed.

The sum of \$120 was appropriated for temporary clerks for the Public Welfare Department. Chairman Carl F. Schipper, explained that the temporary clerks were needed because there were two clerical vacancies in the department.

A petition of Paul Kerivan for a change of location of his junk collectors license from 1149 R. Walnut st., Ward 5, to 40 R. Glen ave., Ward 6, was laid on the table pending investigation of the zoning status of the proposed location.

The board granted the following petitions for pole locations: Boston Edison Company and New England Telephone and Telegraph Company, joint locations existing poles:

85 feet west of Sumner st., one pole.

Bowdoin st., Ward 5, southerly from Hillside rd., three poles.

Needham st., Ward 5, opposite Rockland st., one pole.

Grafton st., Ward 6, approximately 120 feet northeast of Homestead st., one pole; Grafton st., Ward 6, at the junction of Commonwealth ave. and Furber lane, one pole.

Pleasant st., Ward 6, westerly from a point approximately 495 feet west of Center st., seven poles.

The board unanimously passed an order authorizing the mayor to close City Hall on Saturdays during July and August. He was also given authority to rescind the order at any time. The practice of closing City Hall on the Saturdays in the two summer months was started last year.

The petition of Dr. Edward B. Wood for a traffic regulation prohibiting parking on Irving st., Newton Centre, across the street from his home at 6 Irving st. was denied by the board after Chairman Maxwell P. Giddis of the street traffic committee reported that the committee opposed the request as "spot regulation." He said if the petition were granted it would lead to "hundreds of similar requests."

Alderman Temperley, however, asserted that the petition was "entitled to consideration" because his driveway was often blocked by parked cars.

Diplomas were awarded to 35 young women at graduation exercises held by the Newton Hospital School of Nursing last Thursday afternoon in Winslow Hall of the Junior College of Boston.

The following were granted renewal of licenses: J. Oliver Daly, 42 Brae Burn rd., Ward 4.

Job E. Gaskin, 57 Shorecliffe rd., Ward 7.

Charles J. Kinchla, 112 Walnut Hill rd., Ward 5.

Benjamin F. Louis, 72 St. Mary's st., Ward 4.

Richard R. MacMillan, 33 Highland ave., Ward 2.

John H. Murray, 27 Trowbridge st., Ward 6.

Ralph M. Patterson, 66 Fisher ave., Ward 5.

Favorable reports were voted on the following applicants for incorporation of the "Forty Plus Alumni Association of New England."

Harvey W. Wix, 54 Marlboro st., Ward 7; Philip M. Chase, 251 Central st., Ward 4; and Rodney W. Stratton, 1007 Beacon st., Ward 6.

At a hearing on the petition of Frances R. Saxe for a permit to install an underground tank at 31 Hammond st., Newton Centre, and to store 3,000 gallons of fuel oil for private use, no one appeared to speak either in favor or in opposition.

Alderman John Temperley said he would like to have asked the petitioner why it was desired to store so large a quantity of fuel oil compared with the amounts usually stored for home use.

Alderman George E. Rawson asserted that the petitioner should have appeared at the hearing to answer the questioning concerning the petition.

Vice-president Joseph B. Jamieson, who presided in the absence of President Charles B. Floyd, read a letter from the petitioner, stating that the chief had approved the installation of the underground tank, but that no fuel oil had been stored in it pending the granting of a permit by the board. The petitioner stated that the fuel oil was to be stored for the Hammond street address.

The petition was granted, with Alderman Temperley and Howard Whitmore voting in the negative.

A hearing was also held on the petition of W. Rowe for a permit to conduct and maintain a repair shop of 15-car capacity at 20 Union st., Newton Centre. The petition was necessitated by the fact that a renewal certificate was filed too late. The board granted this petition unanimously.

REGISTRATION JUNE 30th FOR SELECTIVE SERVICE

All Males In 18-19 Year Old Group Are Required By Law To Register

Except for the difference in the age limits the requirements for the forthcoming Fifth Registration under the Selective Service Act will be essentially the same as in previous registrations, it was stated today by Lt. Col. Ralph M. Smith, State Director for Selective Service.

All registration places in all local board areas in Massachusetts will be open on Tuesday, June 30, 1942, to register all persons, citizens or aliens, who were born on or after January 1, 1922, and on or before June 30, 1924—or roughly, all men between the ages of 18 and 20½. Registration places on June 30th will be open from 7 a. m. to 9 p. m.

Lt. Col. Smith said that registrants must answer all questions asked by the registrar for notation on the registration card. It is most essential, for the benefit of the registrant, that he describe his place of residence in detail, as well as giving full particulars as to the address at which he desires his

mail or other communications to be sent if this address differs from the residential address.

Any one who is unavoidably away from home on Registration Day may register at the nearest or most convenient registration place, the State Director said, but all registrants are urged to make every effort to register within their own local board areas to avoid possible future confusion. Any person who must register away from home is warned to carefully specify his home address so that his registration card may be forwarded promptly to his own local board.

In the event that a registrant has more than one place of residence, he will be required to list on the registration card his own choice of residence, but it should be borne in mind by each registrant, Lt. Col. Smith continued, that the place of residence as shown on the registration card will be used for all determine the

Action Taken At Special Meeting

Association Votes \$500 To Clear Lake Site

At a special meeting held last Thursday night for the purpose of taking action to eliminate the alleged unsightly conditions at the Crystal Lake ice house site, the Newton Centre Improvement Association voted 5 to 3 to authorize the executive committee to expend up to \$500 to clear away the burned structure if such action was not contrary to the by-laws of the association. It was felt by some members of the association that funds could properly be spent for cleaning up public property but not private property as in this case.

The action was taken after a representative of the ice company estimated that the cost of the cleanup would be \$1,000 and reported that the concern is ready to expend half that amount for the purpose. He pointed out that the company has been paying taxes on the property for years without deriving any income from it.

The meeting, which was held in the Unitarian Parish House, was attended by about 30 persons, but most of them did not vote. Some of those present were not members of the association and were merely present as guests.

The organization also voted, six to two, to rescind the previous resolution calling for the rezoning of the district to single residence and adopted a new resolution favoring rezoning of the icehouse site to a general residence district, which would permit the erection of apartment houses. The site is now zoned as manufacturing property.

The new resolution on the zoning question, which has the support of officials of the Newton Highland Improvement Association, will be presented to the Board of Aldermen. John D. Bogardus, president of the Newton Highlands organization, was present at the meeting.

Aviator Arrested In Newton Breaks

Held in \$1500 Bail In Newton District Court

An Army aviator who was arrested in Newton Tuesday was held in \$1,500 bail in the Newton District Court Wednesday afternoon. He was alleged to have confessed breaking into and looting two homes in Newton and Brookline and attempting to break into two others.

The defendant, Milton E. Powers, 18, of 162 Boylston st., Brookline, pleaded guilty to one count of breaking and entering in the daytime and larceny and one of attempt to break and enter with intent to commit larceny.

He told the police that he had recently enlisted in the U. S. Army Air Corps after obtaining a discharge from the Royal Canadian Air Force. He was in civilian clothes and said he was on a 90-day furlough.

The youth was caught by Patrolman Lawrence J. Dungan Tuesday afternoon after a woman neighbor telephoned police headquarters and reported that he had been acting suspiciously at the back door of the home of Maurice W. Donovan, 88 Walnut park, Newton. He was taken to headquarters by Dungan and Motorcycle Officer Cornelius J. Dwyer.

Surprise Test On Monday Effective

ARP Service, Police At Posts Promptly

The surprise air raid test last Monday resulted in a successful mobilization of the A.R.P. services. The auxiliary police responded at their traffic posts promptly and halted autos for the duration of the test.

The "green 1" or yellow signal was sent out by the Newton Report Center at 11:10 a. m. At 11:31 came the "green 2" or blue signal and 11:40 the "green 3" or red signal was sent out, calling for all traffic to stop and for all persons except the A.R.P. members to get off the streets.

The "green 4" or "all clear" signal was sent out at 11:50. The test disclosed certain features susceptible for improvement, which officials have already taken steps to correct.

The blackout on Tuesday night was considered highly effective and few instances were reported in which residents had neglected to cooperate.

The members of the A.R.P. organization assigned to the first half night shift turned out in full force and were at their posts throughout the city when the actual blackout test started. The "green 2" signal was received at police headquarters at 10:40, when the street lights were extinguished. On the "green 3" at 10:50, the air raid sirens were sounded as the signal for residents to turn off house lights. The "all clear" signal was received at 11:10 when the blackout ended.

A resident of Waltham st., West Newton, telephoned police headquarters, shortly before the blackout and said he had left a hall light burning upon going out for the evening. He suggested that an air raid warden enter the house through a window and turn out the light. However, officials did not consider such action advisable.

Pupils of John W. Weeks Junior High School Sponsor Gifts for Selectees

Pupils of the John W. Weeks Junior High School, Newton Centre, sponsored the presentation of gifts to the group of selectees of Local Board 114 who left City Hall Monday for the Army Induction station in Boston.

Under the direction of the Junior Committee for Service to Newton Service Men, organized at the Weeks School, contributions of dimes were collected from pupils until the necessary \$118 was raised to defray the cost of toilet kits to be presented to the selectees.

Armin Klein, chairman of the Junior Committee, had charge of the presentation of the gifts, assisted by members of the committee. Priscilla Colvin, co-chairman

of the committee, assisted Red Cross workers in serving coffee and doughnuts to the selectees. Mayor Paul M. Goddard greeted the group before their departure.

The Junior Committee's accomplishment was described as remarkable by Chairman Roy S. Edwards of the Citizens' Committee for service to Newton Service Men. "It has been unequalled anywhere," he said.

The money was contributed by the following clubs and home-rooms: "Knit It and Weave It Club," Aviation Club, Stamp Club, War Relief, Division C. E. and Rooms 116, 207, 208, 211, 212, 214, 216, 238, 304, 305, 309, 310, 313, 314, 315, 316, 319.

West Newton Co-operative Bank Observes Fiftieth Anniversary

Ellery Peabody, President of the West Newton Co-operative Bank, and Mayor Goddard, about to cut the birthday cake at the observance of the Bank's Golden Anniversary.

News Item From Graphic Of Friday, June 24, 1892

The West Newton Co-operative Bank starts off with about 350 shareholders. Its first monthly meeting was held in the City Hall, Wednesday evening. The objects and method of investments and loans were explained by Hon. Robert Treat Paine of Waltham. The sum of \$1200 was offered for sale and \$1000 of that amount was purchased at 5 cents premium. Regular meetings will be held in the police court room on the fourth Wednesday of each month.

Back in the days when the main topic of conversation in Newton was the lowering of the Boston & Albany railroad tracks, a group of far-sighted citizens, firm in their belief in the growth of the community, met at the

home of Mr. C. M. Whittlesey on Cherry st. on June 14, 1892 and organized the West Newton Co-operative Bank. A week later the first public meeting for the receipt of money was held at the city hall and the Hon. Robert Treat Paine addressed the meeting.

That was fifty years ago—June 22nd—to be exact, when this early co-operative institution first opened its doors. Marcus Morton was elected the first president.

During this half century the economic wheel has made several complete turns from the depths of depression to the crests of prosperity. But through bad years and good, this bank has weathered all storms, and true to the ideals of its founders, is today stronger and healthier than ever.

From a very modest beginning when the early meetings of the bank were held in the Police Court room and later in an up-

stairs office in the Nickerson Block, the West Newton Co-operative Bank has grown and steadily prospered. Today it has its attractive banking quarters at 1308 Washington st., in West Newton Square.

Mr. Ellery Peabody, the present president, has been long associated with the bank. Since 1906 when he became a director he has contributed immeasurably to its growth and development. Mr. William B. Baker is vice president and Mr. Alfred E. Thayer, treasurer.

Commencing Monday, June 22, and continuing all through the week, the West Newton Co-operative Bank has held open house and hundreds of friends, neighbors and shareholders have stepped in to extend anniversary greetings.

In observance of its 50th Anniversary, the Bank has had designed a holder and useful souvenir—a money for one's War Rations Books—which has been given to each visitor during his Anniversary Week. We are told that this will continue as long as the supply lasts and the public is invited to drop into the Bank and receive one of these Rations Book Holders.

Serving as directors and giving their time to this mutual bank are: Mr. William Baker, Mr. Francis Burrage, Mr. Harold Buse, Mr. Joseph Davis, Mr. Roy Edwards, Mr. Franklin K. Hoyt, Mr. Neils Jensen, Mr. Francis Newhall, Mr. Loomis Patrick, Mr. Ellery Peabody, Mr. Alfred Thayer, Mr. Sidney Thomas and Mr. Harold Tisdale.

New Chapter House of Newton Red Cross Formally Opened Here Wednesday Evening

New Red Cross Chapter House, 21 Foster Street, Newtonville

Wednesday, June 24, was a milestone in the history of the Newton Chapter of the American Red Cross, for last night marked the formal opening of the new Chapter House at 21 Foster st., Newtonville. The dedication exercises were held on the large side porch of the house and were opened by Mr. C. R. Cabot, chairman of the Newton Red Cross, who first read a message of welcome from Governor Saltonstall and then gave a brief outline of the Chapter's activities at the present time.

Mr. Cabot then introduced Mayor Goddard of Newton.

The mayor began his remarks by saying that his first thought was one of thankfulness and appreciation for the gift of Mrs. Young. He said that although the house is a gift to the Red Cross it is also a gift to the city and to the community. It will be an integral part of our community life in every period of emergency. He said that the contribution of the Red Cross cannot be measured. Red Cross workers are present to offer a cup of coffee to men on their way to induction, and again they are on hand on the battlefields in every far flung corner of

the earth with aid and comfort to our men.

"It is the patriotic duty of all who are left at home" concluded Mayor Goddard, "to go about our daily tasks cheerfully and dedicate ourselves to be of service to our country."

Next, Mr. Henry Briggs, chairman of the Council of Greater Boston Chapters of Red Cross, was called upon. He congratulated the Newton Chapter on the splendid new house and the fine organization which has been built up to meet the war emergency. He was followed by Mr. William Chamberlain, representing the Metropolitan Chapter, who spoke briefly of the excellent cooperation of the Greater Boston Chapters, and especially of the happy relations between Newton and Boston Red Cross.

Mr. Neil Leonard, chairman of the Newton Community Chest, spoke on the work of the Red Cross and the splendid cooperation between the Red Cross and the Community Chest.

Then came a short musical interlude when Mr. J. Collins Lingo

of Newton sang "Rose of No Man's Land."

The presentation of the deeds and keys of the new Chapter House to Chairman Cabot was made by Mrs. William Leroy Young, chairman of the Volunteer Services, whose family lived for so many years in the house. Mr. Cabot, in turn, presented them to Mr. J. S. Stuart, Regional Director of the North Atlantic Area, representing the American National Red Cross. In accepting the deed, Mr. Stuart stressed the great appreciation of the National organization on the work being done in Newton, and congratulated the Chapter on its outstanding corps of volunteer workers. Then, Mr. Stuart, representing the keys to Chairman Cabot, and the formal acceptance ceremonies of the Chapter House were completed.

The benediction was pronounced by the Rev. Dr. Randolph Merrill, pastor of the Central Congregational Church of Newtonville, who lived for many years on Foster st. and was an old friend of Mrs. Young's father, Mr. Calvert Cray.

As the American Flag was unfurled against a background of flags of all the nations that have received production articles from the Newton Chapter, Mr. Lingo led the audience in the singing of the National Anthem. (Continued on page 6)

SENDS ADDRESS

The executive, of course, is much too interested in business to suit her, so she proceeds to look elsewhere for her desired romance and elsewhere happens to be a poetic, if somewhat intoxicated, bachelor. It was enormously successful with Gertrude Lawrence in the starring role, opened in Boston in 1939, played on Broadway 229 times, then toured the country before being made into a film with Claudette Colbert, Ray Milland and Brian Aherne.

Following the Cambridge Summer Theatre's presentation of "Theatre" starring Elissa Landi, Brattle Hall will house Samson Raphaelson's "Skylark" and the star will be the famous Madge Evans of Broadway and Hollywood.

Miss Evans was a child star whose career began when she posed for photographers at the age of two. At five she made her first film, and remained in pictures until she was ten. Child stars are lucky today she says, for they can remain in pictures playing parts suitable to their ages as they grow, while she had to leave the movies for a few years of that "awkward age". At thirteen, however, she played in "Peter Ibbetson" with John Barrymore, then went on the Broadway stage one year later in "Daisy Mayme," "The Marquis," "Our Betters," and "Sudden Riches." By this time Hollywood considered her suitable for grown-up roles and she was seen in "What Every Woman Knows," "Stand Up and Cheer," "Dinner at Eight," "David Copperfield," among others.

Mr. Raphaelson's "Skylark" is a comedy which tells of an advertising executive's wife who wants romance before she wants jewels, servants, a grand home, and all the other things money can buy. The executive, of course, is much too interested in business to suit her, so she proceeds to look elsewhere for her desired romance and elsewhere happens to be a poetic, if somewhat intoxicated, bachelor.

George B. Rogers, 111 Crafts st., Newtonville, Mass., shown as he took part in the 42-mile march of Medical Replacement Center personnel from Camp Lee, Va., to the new station of the Center at Camp Pickett, Va. The march was initiated by Brig. Gen. William R. Dear, MRCC Commander, as a practical move for gasoline and rubber conservation. Minimum estimates show that 5,000 gallons of gasoline, 300,000 tire miles were saved by the decision of Gen. Dear to walk to Pickett rather than ride.

Corp. Chester W. Tobey, 194 Bellevue st., Newton, is receiving his military training with the U. S. Army at Fort Jackson, S. C. He is now a member of the 307th Infantry, 77th Division, which, together with other units of the Division, saw gallant and distinguished service in World War I. He is part of a team with a glorious history and the prospect of an equally glorious future. The spirit of his Regiment Commanded by Colonel William H. Craig, is expressed in their manly and spirited motto "Clear the Way."

Auto Violators In Newton Court

Violation of the city ordinance that prohibits heavy trucking on Watertown st. between the hours of 8 p. m. and 7 a. m. brought fines on two drivers in the Newton District Court Wednesday by Judge Donald E. Mayberry.

John J. Terrio, 26 Newburn ave., Medford, in addition to being fined \$10 for driving a truck on Watertown st. during the "taboo" hours, was fined \$10 for failing to stop before entering a through way.

Bertram D. Stephens, 263 Salem st., Malden, was fined \$5 for violating the Watertown st. trucking regulation. Patrolman Leo S. Gagnon was the accuser in both cases.

Three motorists were fined \$20 each for violating the Governor's Emergency Proclamation prohibiting speed of over 40 miles an hour. The defendants were Andrew Shugars, 99 Crescent st., Auburndale, halted by Patrolman J. J. Maloney; James K. E. Elf, 51 Central ave., Everett, stopped by Motorcycle Officer John F. Fitzsimmons; and Robert P. Branagan, 29 Savin st., Natick, accused by Motorcycle Officer Raymond Sullivan.

Fines of \$5 each for speeding were imposed on Cheever A. Hill, 220 Bunker Hill st., Charlestown; Kenneth E. Thomas, 170 Adams st., Waltham, and Edward Fitzpatrick, 61 Cross st., Malden. A similar charge against John H. Hanley, 275 Western ave., Allston, was placed on file.

On charges of failing to stop before entering a through way, Samuel A. Bearse, 61 Prentice st., Newton Centre, and John H. Astor, 343 School st., Watertown, were fined \$5 each.

RUPERT C. THOMPSON, LOCAL ADMINISTRATOR OF NEWTON WAR TRANSPORTATION COMMITTEE

The Newton War Transportation Committee, has started a campaign to prevail upon persons who drive to and from work to "double up" with their neighbors and fellow workers to the limit of the capacity of their cars, in view of the fact that a survey revealed that the present average is 2½ occupants per car.

Rupert C. Thompson, local administrator, announced today that the drive is to be carried on by the members of his committee who represent manufacturers, retailers and labor.

He reported that the bus transportation problem for the time being has been solved. The committee issued the following bulletin:

Our activities may be divided into two phases:

- (a) Those activities which should be set up and carried out at once.
- (b) Those activities that can be set up and put into operation when necessity demands.

Our first job is to determine if we have sufficient transportation for all employed people giving first consideration to those employed in the factories of Newton, Waltham and Watertown, second, to those employed in the Retail Stores of these communities, and third to those employed in Boston.

At the present time transportation by bus to the factories and stores is adequate; we have been assured by the management of the Mass. & Boston Street Railway Company that they have sufficient flexibility to take care of any immediate necessary increase in the service. Our transportation to Boston by the Boston & Albany Railroad and Boston Elevated is the best in the metropolitan area.

Our job narrows down now that the insurance companies cover all automobiles used to transport people to and from work with Guest Coverage without additional charge to induce those who drive to work to double up (average now 2½ to a car) to carry a full load. This work is starting now and will be carried on by those members of our committee who represent our Manufacturers, Retailers & Labor.

When we know what the situation is to be as to allowances for the general public we can make suggestions as to private cars, in the meantime our best contribution is to keep quiet.

Early in July when we trust the entire picture regarding rubber and gas will be much clearer, we will call a meeting of the entire Committee. Mr. Thompson calls attention to the fact that present insurance protects owners and drivers from liability for injury to passengers.

1. War conditions require the maximum use of every automobile in carrying persons to and from their work.

2. Owners or drivers of private passenger cars will now be protected from liability for bodily injury to passengers in their cars by the present insurance policies. This additional coverage is effective only when the automobile is used to transport passengers from a place in Massachusetts to their work, or from their work to a place in Massachusetts.

3. There will be no extra charge to the policyholder for this new coverage. It takes place immediately. It is your Insurance Companies contribution to the transportation problem.

4. The registration of the car does not have to be changed. The coverage automatically applies to owners of private passenger cars driving to or from work and transporting others to or from their work, either for compensation or not.

5. Private passenger car owners already insured for guest occupancy coverage will be refunded or credited at the end of the year with the cost of this additional coverage which will now be extended without charge.

6. Under this new arrangement you can now pool your car with your fellow workers. You can take your turn driving the crowd to work. You can share your gasoline and make tires and automobiles last longer. This does not mean that you are in the taxi or bus business. It is merely a protection for you.

Two Young Men Injured Here

John G. Semmes, 19, of Washington, D. C., and Daniel Drummond, Jr., 20, of Portland, Maine, were injured early Friday morning when the station wagon in which they were riding struck a tree on Fuller st., Waban. The accident happened at about 12:25 a. m. The two young men were taken to the Newton Hospital in the police ambulance where they were treated for minor injuries.

The driver of the station wagon, Jerrold R. Hickey, 20, of 66 Fountain st., West Newton, was arrested by Sergeant Sullivan and Patrolman Hoyt and Rogers. He was arraigned in the Newton District Court on Friday morning charged with operating a motor vehicle with and without a license in his possession. The case was continued until July 18.

Given Authority To Purchase Car

Under a ruling by the Office of Price Administration, a group of weights and measures are now engaged in O.P.A. work, the county rationing board at Cambridge has granted Andrew Prior, Sealer of Weights and Measures in Newton, authority to purchase a new car for his department. Earlier in the year Prior had been denied a certificate for a new car as the board ruled that his department was not eligible.

A sum of \$750 had been provided in the budget for the purchase of a new car for that department. The price has since increased to \$820. The present car of the department will be traded in as part payment on the new car.

Police Recover Part of Loot

Lieut. Daniel E. Crowley and Sergeant Richard E. Cannon have recovered part of the loot stolen from the home of Dr. John V. Blasi of 525 Hammond st., Chestnut Hill, on May 29. A watch valued at \$75 was recovered from a Boston pawn shop where it had been pawned for \$200.

A vending machine outside the Esso Gasoline station, 2350 Commonwealth ave., Auburndale, was broken into last week while the station was closed and 12 bottles of Coca-Cola were stolen.

RESPONDS TO FIRE

Engines 1 and 9 and Ladder 3 responded to a telephone call at 3:30 on Saturday afternoon for a fire which started on the sun porch of the house at 46 Shorncliffe rd., Newton, owned by Walter S. Cousens. The damage was estimated at \$300. The cause of the blaze was undetermined, but the fire, which evidently started in the window drapes, and spread to the window casings, was described by Acting Assistant Chief Thomas A. Enegess as a "flash fire."

REAL ESTATE

John T. Burns & Sons Inc., report that they have sold the property located at 32 Benlis st., Newtonville, to Henry F. Argento. This is a six room home, two baths, and has with it a detached garage of land and a two-car garage, the assessment on all is \$6000. L. A. Bevan of New Jersey was the grantor.

The same office reports the sale of the brand new home located at 105 Five Oaks ave., Newtonville, for Vincent Cairra to Martin Edman. This is a Garrison type of Colonial residence and comprises six rooms. There is a lot of 9000 square feet. The property has not as yet been assessed.

The office of the Howe Associates, Newton Realtors, report the sale of the new Colonial home at 7 Regina ter., Auburndale, to Mr. and Mrs. John J. O'Donnell of Milford, Mass., who have taken occupancy. The house consists of six rooms, one bath and lavatory and one-car attached garage, built to conform to the most modern design. This property is ideally situated, being convenient to all forms of transportation, schools and stores. Title was given by the Suffolk Co-operative Federal Savings and Loan Association of Boston. Howe Associates represented both parties in this transaction.

Alvord Bros., Realtors of Newton, Wellesley and Weston, report the sale of a new home in Waban, at 108 Devonshire rd., attractively situated on a knoll overlooking the valley of the Charles River. This interesting Cape Cod Colonial dwelling, with two-car garage attached, has been built by a master workman on a wooded lot of approximately 9,000 square feet, with a curving driveway which rises slightly to the house. There are on the first floor a finely proportioned living room with open porch, dining room, a perfect kitchen, lavatory and library. The second floor includes three good bedrooms and two tiled baths. There is a large finished room in the basement of the residence, and an excellent heating system. The premises have recently been completed by William J. Curran, owner-builder, who has sold to Leroy K. Behr, of Belmont, Mass., who has already occupied his new home. The property has not as yet been completely assessed by the City of Newton.

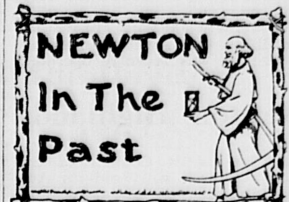

Alvord Bros. represented both parties in the transaction.

The office of Charles J. Kinchla reports the sale of the estate located at 131 Sargent st., Newton. The house, formerly an old mansion, contains ten rooms, 2 baths and lavatory. Also attached to the property is a barn that will house three cars. For tax purposes this property carries an assessment of \$8000. The estate is on the lot containing 19,000 square feet. Title was conveyed by Kittle K. Bentley to James Regan.

Parent Appeal For Information Regarding Son

Mr. and Mrs. James S. Cannon of 23 Jefferson st., Newton, have appealed for information regarding their son, Private William E. Cannon, from anyone who knew him or served with him in the Philippines. Private Cannon has been reported as "missing in action." He enlisted in the army on Nov. 13, 1940 and was engaged in the fighting at Bataan as a member of the 27th Bombing Group. Private Cannon is 33 years of age. He is a graduate of Our Lady's High School in Newton.

Mr. and Mrs. Cannon have another son, Paul V. Cannon, who is a third mate in the merchant marine tanker service.

55 YEARS AGO

A new fire alarm signal box, number 115, has been put up at the corner of Elmwood and Centre sts., Newton.

82 scholars will graduate from the High School this year. Of these a total of 19 graduate in the classical course; 43 in the general course; and the remaining 20 in the three year course. So far as is known at present, 9 will enter the Massachusetts Institute of Technology; 8 will go to Amherst; 3 to Boston University; 4 to Wellesley; 5 to Smith; 2 to Framingham Normal; 1 each to Harvard, Yale, Tufts, Harvard Medical School and Bryant and Stratton's; 3 will teach and 2 go into business.

The Read fund picnic at Spy Pond grove, Arlington, Saturday, promises to have a large attendance of school children and their friends, and to be a very pleasant affair.

The dedicatory exercises which preceded the opening of the Public Library to the public, last Friday evening, were of the most interesting character. The reopening of such a building as the library is worth commemorating, and this fact was fully recognized by the speakers. With the completion of the additions to the building, Newton has now a public library of which her citizens may well feel proud. They have one public building, at least, which they can point out to strangers with the complacent feeling that few cities of double the size can show anything equal to it. The library is now fitted to do a much larger and better educational work, and its influence will be proportionately extended.

A number of movers have been making estimates of the cost of removing the Methodist Church, Newtonville, to Mr. Crane's office, in the rear of the vacant lot behind the church, and the plan is to have the whole square thus made turned into a public park.

The parish of St. Bernard's Church, West Newton, has bought the handsome Wait estate near their Church, and it will be used for a parsonage. The house cost \$20,000 and the whole estate was sold for \$8,000.

50 YEAR AGO

Newton Graphic, June 24, 1892. Mrs. J. F. C. Hyde of Newton Highlands, is having a street built upon her land fronting on Walnut st., and adjoining the Walter Alden estate now occupied by Mr. C. H. Brown. This opening will make a frontage for several fine building estates.

One of the domestics at the alms house, having taken too much "fire water" one day last week, raised such a disturbance that Officer Mitchell had to be sent for. She was tenderly carried to West Newton police station, and left to sleep it off.

The West Newton and the Newton Centre postoffice will be rated as second class after July 1.

There are two or three tents and some twenty horses on Beacon st., Newton Centre, near the Baptist church, and the question is whether it is a circus or a gypsy encampment.

25 YEARS AGO

Newton Graphic, June 22, 1917. The Liberty Loan committee of this city announces that the alms house for Newton was 100 per cent oversubscribed—a condition extremely flattering to everyone who took part in making it a success.

Marriage certificates and college diplomas are rather prominent at the present time.

The board of aldermen call attention to over high tension wires and pole construction. Few persons realize the enormous growth of electrical work in this city, and the tremendous detailed oversight which must be exercised by the Inspector of Wires, who is also the Chief of the Fire Department. The solution of the difficulty seems to lie along the line of separating these two offices and the appointment of one man as a Wire Commissioner. With the full care of the Fire Department, the duties of fire warden, the control of gasoline permits, and the extension of inspection work of basements and stores, etc., the time has about arrived for the Chief of the Fire Department to be relieved of the work of inspection of wires and poles.

JUDGING THE CITY BY THE GRAPHIC OR WHAT ABOUT METAL SCRAP IN NEWTON

Editor, Newton Graphic: Judging from the columns of your estimable paper, we the people who depend upon the GRAPHIC for our local citizenship news, know nothing of any energetic drive to salvage the scrap metal lying around the city. The aluminum drive last year was a credit to local patriotism. Thanks to the tire dealers of the city, and judging from the huge piles of old rubber collecting at their stores, in the present rubber drive Newton is showing some life in response to the President's appeal. But judging from what I see and read, the 70,000 people of this community are still slackers in getting out the scrap metal without which the mills can not make the steel that makes the guns and ships to lick the Axis.

The neighboring town of Dedham has a live Salvage Committee which sends the town trucks around for scrap each month. The collections are preceded by publicity which brings out the old perambulators and bedsprings on the designated Monday mornings. Driving through Wellesley one sees at prominent street intersections bins piled high with scrap metal and rubber. Our neighbor Watertown recently put on a salvage drive which netted 30 tons of scrap and brought at auction \$250 for the U.S.O. fund. Hundreds of Newton boys are now in training or fighting at the front. We are not giving them the backing they deserve until we get the metal scrap on the way where it will help win the war.

Sincerely yours,
ROBERT W. SPENCER

Telephone Service Faces Curtailment

Interpretations of recent War
Production Board orders, now be-
ing received by the local telephone
business office, will make it more
difficult for many people to
get new telephone service, in the
opinion of Mr. E. J. Campbell,
local telephone manager.

"Due to the diversion of copper,
rubber and other critical materials
to essential war uses," Mr. Camp-
bell said, "it is possible for us to
extend our lines only to give
service to those persons engaged in
direct defense or charged with
responsibility for the public health,
welfare or security. That of
course includes the official use of
the Army, Navy, Coast Guard, and
Marine Corps, of plants working
on war orders, and of certain other
users who fall in the essential cat-
egories established by the War
Production Board. Even in the
case of users in these classes, the
use must be an essential one in
order to qualify. We expect to
give such essential service where-
ever and whenever it is needed,
as we have in the past; the War
Production Board, in making re-
quired allocations, has recognized
the dependence of the entire war
effort on communications."

Mr. Campbell stated that new
service to other prospective users
will depend on the existence now
of enough central office equipment
and outside wire and cable to al-
low for such service without en-
dangering future service to the
really essential users. So far as
outside wire and cable is con-
cerned, it may mean that service
will be available in some sections
of an exchange and not in others.
Residence extension telephone in-
stallations are generally prohibi-
ted, except for changes or replace-
ments of cords, instruments, key
boxes, interior wiring and switch-
boards.

New War Damage

Insurance Being Contracted Now

Property owners were urged to take out War Damage Insurance policies, now issued by the War Damage Corporation created by act of Congress, in a statement issued by Harrison G. Taylor, president of the Savings Bank Life Insurance Council of Massachusetts today. Up to July 1, 1942, the War Damage Corporation has provided free insurance for damage to property resulting from enemy attack or action by United States forces in resisting enemy attack, but after that date it will be necessary for property owners to purchase this protection.

Although, like all Red Cross chapters, Newton included many peacetime relief activities, its early services in 1917, 1918 and 1919 were keyed to war needs. However, with the coming of peace, Chapter interests were fitted to the needs of the times and many new committees were formed, and carried out the services required. In 1923, the Newton Chapter of the Red Cross, together with several other social agencies moved to 12 Austin st., and it was felt this space would be adequate for many years to come. However, with the disasters which seemed so closely to follow such as the Mississippi Flood, Florida Hurricane, California Earthquake, Ohio Flood and our own Hurricane—the demands for help through the many relief funds, the receiving and distribution of supplies, along with local activities such as home nursing, nutrition, life saving, made its quarters far from satisfactory.

In 1939, with the outbreak of the second World War, the tremendous interest focused on war relief made the space problem even more acute, and it was found necessary to move the Production Department, which includes sewing, knitting and surgical dressings to the Swedenborgian church on Highland ave., which was vacated by its assembly room to Chapter use. However, it was not until this country's entry into the war last December, that the assembling of all departments

Red Cross Chapter House Opened—

The 250 guests were then invited to inspect the new Chapter House, where punch was served by members of the Canteen Corps.

In 1918, when Newton received its charter as an independent Red Cross Chapter, Dr. and Mrs. George H. Talbot offered a room in their house to be used as "headquarters." Now, twenty-four years later, the Red Cross again benefits by the generosity of a gracious lady, Mrs. William Leroy Young, chairman of Volunteer Special Services, has again given her family home as the new headquarters of the organization and for the first time all Newton Red Cross services can function under one roof.

Surrounded by flowering shrubbery and sloping lawns, the spacious home dates from 1900, when it was built for Mrs. Young's father, Mr. Calvert Cray. Its sunny rooms and large porches have always made it one of Newton's loveliest homes, and reflect the liberal hospitality and community interest of those who lived there so many years. It is, indeed, a fitting background for an organization whose personnel is composed almost entirely of volunteers, giving unstintingly of their time.

The history of the Newton chapter shows an expansion so rapid, due to the ever-increasing demands for its good works, that up to the present, the scope of its activities have always far out-reached its office space. Newton was granted a Charter as a Chapter in October 1918, at the height of the first World War and at a time when no one foresaw its speedy end. Mr. Charles E. Kelsey, the first chairman, worked untiringly to organize the new Chapter, and his affiliation with the Newton Hospital created a close bond between that institution and the Red Cross, which has been of invaluable assistance. Mr. Marcus Morton, the first secretary, with Mr. Joseph Jamieson, Sr., and Mrs. H. H. Kendall, Mrs. Albert Carter, and Mr. George R. Pulsifer, for many years remained the guiding spirits of the Chapter.

When it became necessary for Mr. Kelsey to resign, leadership was taken over by Mr. George M. Angier, and the rapid growth of the organization both in membership and diversification of interests was due to his untiring devotion to him and his family. Beside the devotion of Mr. Angier, the work of his wife deserves special mention, in both the Production Department and as head of Roll Call. A space was lost in service of the surviving son, Donald Angier, later became chairman of the Chapter and has followed wholeheartedly in their footsteps.

Serving with him, in the office of treasurer, Joseph B. Jamieson, Jr., likewise carried on his family interest in the Chapter's welfare, and succeeded to the office of Chapter Chairman in 1936. His active participation in various civic projects strengthened the tie between the Red Cross and other community efforts. The office of Treasurer was taken over by Mr. George S. Fuller at this time. Mr. C. R. Cabot, the present chairman, took office in 1938, when world conditions were making people more and more aware of an organization pledged to aid those in need. It is particularly fortunate that Mr. Cabot heads the Newton Red Cross at this time, for his experiences in the first World War make him especially understanding of the problems arising today.

Although, like all Red Cross chapters, Newton included many peacetime relief activities, its early services in 1917, 1918 and 1919 were keyed to war needs. However, with the coming of peace, Chapter interests were fitted to the needs of the times and many new committees were formed, and carried out the services required. In 1923, the Newton Chapter of the Red Cross, together with several other social agencies moved to 12 Austin st., and it was felt this space would be adequate for many years to come. However, with the disasters which seemed so closely to follow such as the Mississippi Flood, Florida Hurricane, California Earthquake, Ohio Flood and our own Hurricane—the demands for help through the many relief funds, the receiving and distribution of supplies, along with local activities such as home nursing, nutrition, life saving, made its quarters far from satisfactory.

In 1939, with the outbreak of the second World War, the tremendous interest focused on war relief made the space problem even more acute, and it was found necessary to move the Production Department, which includes sewing, knitting and surgical dressings to the Swedenborgian church on Highland ave., which was vacated by its assembly room to Chapter use. However, it was not until this country's entry into the war last December, that the assembling of all departments

under one roof was felt to be imperative, and the search for a large Chapter House was begun in earnest.

The new Chapter House adapts itself admirably to the demands put upon it by departments, all working on a war footing, and Mr. Ernest Cooper, upon whom fell the task of arranging the space, has utilized it to the fullest extent.

For instance, the Production Department which has doubled its output over last year, is using the basement for the cutting and folding of garments to send to the fifty odd workrooms throughout the villages. There they are distributed to the 5000 women who are volunteering their services so that finished clothes and knitted articles may be sent all over the world. The Surgical Dressing Department also sends material from the basement to the eight village workrooms, where it is cut, folded and packed by over 800 women each week. Completed material is brought back to the Chapter House and delivered to the first floor, where the receiving and checking room is located. Then it is taken to the basement, packed in large shipping boxes, and shipped, as directed by National Headquarters, to the various distributing warehouses. Mrs. Harry Morse, the efficient chairman of Production, is ably assisted by the following sub-chairmen: Mrs. E. R. Cooper for sewing, Miss Kathleen Andrews for knitting, and Mrs. Ernest V. Alley for surgical dressings.

The dining room and kitchen lend themselves perfectly to Canteen Corps work. The various units will get their personnel experience here in serving canteen luncheon to house workers each day, and the kitchen will be used in preparing food for mobile canteen work in time of emergency. Miss Agnes Early is chairman of this division, and Mrs. Frederick Shepard, Jr., vice-chairman.

One of the busiest rooms in the House is that occupied by Mrs. Robert E. Dickerman, Vice-Chairman for First Aid in Charge of Registration, and her corps of workers. Working in close co-operation with the Office of Civilian Defense, this department has trained over 7000 citizens of Newton in first aid in the last twelve months. The administrative chairman of First Aid is Mr. Edward Leonard, who is vice-chairman of the Chapter.

The Motor Corps first established by Mrs. George H. Talbot and her assistants, later reorganized by Mrs. Joel Barnes, now finds itself keyed to war needs. In addition to the routine transportation demands of peacetime, Mrs. Marion Lane, chairman, and her Corps are in constant demand for special driving duties. A beach wagon and driver reports each morning at the Inshore Patrol Base, and all members of the First Reserve are on twenty-four hour call to assist the Office of Civilian Defense in time of disaster. In this connection, it should be noted that the Disaster Relief Committee organized in Newton by Mrs. Charles B. Floyd, has been used as a model by many other communities throughout New England.

The Home Nursing Division has efficiently furnished its room with two beds for teaching purposes. Enrollment for this course, as well as for the Nurses' Aide and Gray Lady courses, greatly increased when an appeal was made by Red Cross for trained volunteers to relieve the over-taxed nursing situation in Newton. Seventy-eight Red Cross Nurses' Aides have been graduated this year at the Newton Hospital. Mrs. Charles J. Wilson is chairman of Home Nursing, Mrs. Robert W. Moore, Jr., is chairman of Nurses' Aide, and Mrs. E. D. Warner and Mrs. Fred G. Stritzinger, 3rd, are co-chairmen of Gray Ladies.

The Home Service Division, materially aided by close co-operation with the Family Service Bureau, will function to greater advantage in its new large quarters. The term "Home Service" is applied to all service rendered by the Chapter in behalf of persons in all branches of the military and naval service and their families, as well as for disabled service persons and their families. This department has been in contact with every Newton man who has joined the armed forces, and has performed innumerable services for many of them. It also acts as the clearing house for all foreign inquiries and as a channel of communication with prisoners of war. And all this in addition to its peace-time routine duties!

Other services are Nutrition, with Mrs. George W. Hinman as chairman, Mrs. Arnold C. Barker, vice-chairman, and Staff Assistants with Mrs. Walter Webling, Jr., as chairman. The successful operation of all the Chapter Departments is due

to the continued interest and support of the community, so well shown in the enrollment of over 14,400 members at the last Roll call which was organized and conducted by Mrs. Henry T. Patch and the local village chairman.

No discussion of Newton Red Cross activities would be complete without some mention of the splendid work of the Junior Red Cross with Miss Calista Roy as chairman. Working through the school, this Division has more than met the aims set down by them—to provide participation of youth in worthwhile activities, to provide practice in responsible citizenship and to assist in providing international understanding. In training the youth of Newton along these lines, the security and future of the organization is being assured.

Never before has the American Red Cross been called upon for such intensive service. The Newton Chapter, with better equipment, more personnel, stands ready to meet the challenge and fulfill its obligations. The Officers and Board of Directors of the Newton Red Cross cordially invites the general public to inspect the new Chapter House on Saturday afternoon, June 27, from two until five-thirty.
